and if there be more than one occupier, he may recover from each occupier half of such sum as shall bear to the entire amount of rate to be paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

117. The entire consolidated rate imposed upon huts on land and the date rates on the sum of huts built thereon shall, after deducting therefrom

a sum equal to one-eighth of such rates, be paid by the owner of such land. The annual value of any house not built for letting purposes and not ordinarily let shall be 5 per cent. on the sum obtained by adding the estimated present cost of building the house, less a reasonable amount to be deducted on account of depreciation, if any, to the estimated value of the land valued with the house as part of the same premises.

124. Huts on lands with the huts upon them, or lands that are waste or valued annually.

houses may be used for agricultural purposes, may be valued annually at the discretion of the Commissioners, and shall be so valued on the application of the owner. When not re-valued, the former valuation shall remain in force from year to year until a re-valuation is made.

125. Any house, the valuation of which may have been cancelled on the ground of irregularity, or which for any other reason may have no annual value legally assigned to it, may be valued at any time under section one hundred and twenty-two for such period as remains unexpired in the district in which it is included under section one hundred and twenty-nine.

126. If during the currency of any period mentioned in section one hundred and twenty-three any substantial alteration, and improvement is made to any such house, the Commissioners may cause such house to be again valued, even though such period has not expired, and such last-mentioned valuation shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of valuation.

This information may be contained in as many books as the Commissioners may, from time to time, determine which shall together constitute a book to be called the "assessment book."

When the name of the owner or occupier is not known, it shall be sufficient to designate him in the assessment book as the "owner" or "occupier."

Any owner or occupier may at any time apply to the Commissioners to have his name entered as owner or occupier in the assessment book, and the

Commissioners shall, unless there is sufficient reason to refuse such application,

(which refusal shall be in writing) cause such name to be entered in the assessment book.

Any name provisionally registered as that of an owner of any premises shall after three years, if no objection be taken, be transferred to the assessment book as that of the owner of such premises.

129. For the purpose of valuing houses for a period of six years, the Commissioners shall divide Calcutta into such and so many districts as they may think fit, and proceed to make separate valuations district by district, and shall enter the same in the assessment book.

130. The Commissioners, by a notice in writing, may require the owner or occupier of any house or land to furnish them with returns of the measurements and of the rent or annual value thereof; and the Commissioners, or any person authorized by them in that behalf, may at any time between the hour of seven in the forenoon and sunset enter on, and inspect, survey, and measure such house or land after giving a notice in writing of not less than twenty-four hours.

131. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs, or prevents any Commissioner, or any person appointed by the Commissioners as aforesaid, from entering or inspecting or measuring any such house or land shall be liable to a fine not exceeding Rs. 200 for every such offence.

board or fence is standing, keep the same sufficiently lighted, or who does not remove the same when the time specified in the permission has elapsed, shall be liable to a fine not exceeding Rs. 60 for every such offence, and to a further fine not exceeding Rs. 20 for each day during which the offence is continued after he has been convicted of such offence.

PART III.—Of Building Regulations regarding Huts and Bustees.

247. Before beginning to build, re-build or add to any hut, the person ~~Notice is prescribed~~ intending so to do shall make an application to that effect to the Commissioners in a form to be provided by them (for which no charge shall be made.) Such form shall require a ground plan of the hut drawn to the scale of eight feet to the inch and such other details as the Commissioners may prescribe. On receipt of such application, the Commissioners shall, within fourteen days, express their approval of the proposed work, or their disapproval on any one or more of the following grounds:—

- (a) That the site is ill-chosen with reference to adjacent huts or with reference to any present or proposed roads.
- (b) That the ventilation will be defective.
- (c) That the arrangements for scavenging or drainage are defective.
- (d) That the hut will be within thirty feet of a tank.

- (f) That the plinth is not two feet above the level of the centre of the nearest street.
- (g) That the erection of the proposed hut will infringe some specified bye-law made under this Act.

If the proposal is approved the hut may be built, re-built, or added to at any time within six months after the date of sanction. If it is disapproved on any of the grounds above stated, the work shall not be commenced till such modifications have been made in the plan of the proposed hut as the Commissioners may deem necessary.

248. If any hut be built, re-built, or added to without making such application to the Commissioners as is required by the last preceding section, or before the approval of the Commissioners has been obtained under that section, the Commissioners may cause such hut or so much of it as has been constructed to be demolished or altered in such manner as they may prescribe; and the expenses of such demolition or alteration shall be paid by the person failing to comply with the provisions of this Act.

249. The Commissioners may, in addition to, or in lieu of, exercising the powers conferred on them by the last preceding section prosecute any person who builds, re-builds, or adds to any hut in contravention of the provisions of section two hundred and forty-seven, and such person shall be liable to a fine not exceeding Rs. 100 for any such offence, and to a further fine not exceeding Rs. 20 for every day

during which the offence is continued after he has been convicted of such offence.

250. If the Commissioners fail to pass orders

~~If Commissioners fail to pass orders, the person making application may proceed to build or rebuild the house.~~
within fourteen days as required by section two hundred and forty-seven, the person making such application may notwithstanding anything hereinbefore contained proceed to build or rebuild the house.

251. The Commissioners may define the

~~Powers of the Commissioners with respect to bustee, and may from time to time modify such limits; and for the purposes of this Act, land comprised within such limits shall be deemed to be a bustee:~~

Provided that every bustee shall consist of one or more complete plots of bustee land, separately numbered as such in the assessment book, and no plot bearing only one number shall be divided so as to fall within the limits of separate bustees. The existence of one or more houses with the land attached thereto, within the limits defined as above, shall be no bar to the bustee lands within such limits being deemed to be a bustee: Provided also that the Commissioners shall have no power under this Part of exercising any control over such houses and land attached, except by acquiring the whole, or any portion of them by purchase or in the manner provided by Chapter XIII, Part II.

252. The Commissioners may at any time

~~Commissioners may call upon bustee owners to serve a notice upon the owners of a bustee, calling upon them to prepare a joint plan thereof to the scale of forty feet to the inch showing the manner in which such bustee should be laid out with the huts standing in regular lines and with a free passage in front of and behind each line, of such width as may be necessary for ventilation and for scavenging. The plan shall also show the proposed drains of the bustee, the water-supply, bathing arrangements (if any) and the privy accommodation to be provided for the use of the tenants, the roads which are to be maintained for their benefit, the land, if any, which is to be kept as common land, the tanks which are to be filled up or conserved, and any other proposed improvements.~~

Such plan, when prepared as above, shall be finally approved by the Commissioners, and such modifications shall be made therein as the Commissioners shall require. After any plan has been finally approved of by the Commissioners, it shall be taken as the standard plan of the bustee. If any land within the limits of a bustee is not bustee land, the standard plan shall be so prepared as clearly to distinguish it from the bustee land.

When a call has been made on the owners of the bustee to prepare a joint plan under this section, no hut shall be built, re-built, or added to within the bustee till a standard plan has been prepared.

253. If the owners of a bustee cannot agree among themselves in the preparation of a joint plan, or if they for any reason prefer to have a joint plan

prepared for them by the Commissioners, or if they fail to comply with the notice to submit a

joint plan within the space of sixty days, the Commissioners shall, within a further period of sixty days, themselves prepare a plan to the scale and in the manner prescribed in the last preceding section for which they may charge the owners at such rate not exceeding Rs. 8 per bigha as the Commissioners in meeting may fix. The cost of preparing such plan may be recovered as a rate under this Act.

254. When a plan has been prepared by the Commissioners under the last preceding section, they shall fix a day for the hearing of objections on the part of the owners; and may at their discretion modify the plan in accordance with any objections made. When the objections have been disallowed, or when the plan has been modified in conformity with any objections raised, it shall be approved of by the Commissioners, and shall thereafter be taken as the standard plan of the bustee.

255. When a standard plan has been prepared for any bustee under sections two hundred and fifty-two or two hundred and fifty-four, no hut shall be built, re-built, or added to in such bustee, unless the hut or the portion to be added occupies a site, or portion of a site marked as the site for a hut in the standard plan. The Commissioners may, at any time by paying compensation to the owner of any hut not in conformity with the standard plan, require him to take down his hut and re-build it in conformity with such plan. Such compensation shall, in the event of dispute, be determined in the manner provided in this Act for the settlement of disputes respecting damages and expenses.

The Commissioners may at any time serve a notice upon the owners of any bustee, calling upon them to construct the roads, privies, drains, and other details shown in the standard plan of any bustee, so far as may be practicable in the existing arrangement of the huts, and if any tank is shown as to be filled up or improved, may call upon the owner to fill up or improve such tank. Till such notice is complied with, the Commissioners may refuse to sanction the building or re-building of any hut in the bustee, or any addition to any existing hut.

256. When a bustee has been brought into conformity with a standard plan which has been prepared for it, it shall be deemed to be a remodelled bustee.

257. When it appears to the Commissioners in meeting that any bustee is, by reason of the manner in which the huts are crowded together, or for any other reason, in such an unhealthy condition that the procedure provided by sections two hundred and fifty-two to two hundred and fifty-six will be too dilatory for improving such bustee, they may cause it to be inspected by two medical officers who shall make a report in writing on the sanitary condition of the said bustee.

Such report shall be accompanied by a plan which shall be approved of by the medical officers as a proper standard plan of the bustee, and they shall certify which of the changes necessary to bring the bustee into conformity with the proposed standard plan should be taken in hand

forthwith, in consequence of the unhealthy condition of the bustee, and which can await the procedure prescribed in sections two hundred and fifty-two to two hundred and fifty-six. The former changes shall be shown in a Schedule attached to the report to be called Schedule A; and this Schedule shall clearly indicate the huts which should wholly or in part be removed, the roads and drains which should be constructed, the tanks or low lands which should be filled up, and any other works necessary to remove or abate the unhealthy condition of the bustee. If for the purpose of making such roads or effecting any other improvement, it is necessary to purchase or acquire any land within the bustee which is not bustee land, the schedule shall specify the land which should be purchased or acquired.

258. On receipt of the report of the medical officers, the Commissioners may cause in meeting may cause a notice to be served upon the owners or occupiers of the huts, or at the option of the Commissioners, the owner of the land on which such huts are built, requiring them to carry out and execute within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid Schedule A annexed to the report, or any portion thereof respectively.

The Commissioners in meeting shall also approve of the standard plan prepared by the medical officers with such modifications as they may deem proper.

259. If, after the service of the notice referred to in the last preceding section, such owners or occupiers, or the owners of the land, shall refuse or neglect to carry out and execute the said works within the time appointed, the Commissioners may cause all or any of the said works, or any portion thereof respectively, to be executed; and the expenses thereby incurred, including such reasonable compensation as the Commissioners think fit to pay to the owners or occupiers of huts destroyed or removed, shall be paid by the owners of the land:

Provided that the Commissioners in meeting may order the expenses so incurred to be recovered by instalments from the said owners, of the land or, if it should appear to them that any such owner is unable by reason of poverty to pay the same, may order the same or any portion thereof to be paid out of the General Fund.

260. If any of the said huts be pulled down, the Commissioners shall cause the materials of each hut to be given to the owner of the hut; or if the owner be unknown, or the title disputed, the materials shall be sold and the proceeds shall be held in deposit by the Commissioners until the person interested therein shall obtain an order from a competent court for the payment of the same.

A Court of Small Causes shall be deemed a competent court for the purpose.

261. The Commissioners may, at any time, after the receipt of the report of the medical officers, acquire by purchase, or in the manner provided by

Chapter XIII, Part II, any land other than bustee land shown in that report as land which should be acquired.

262. After the works specified in Schedule

A attached to the report filed under section two hundred and fifty-seven, or so much of such works as are approved by the Commissioners in meeting, have been completed, the provisions of section two hundred and fifty-five shall apply to such bustee until it is brought into complete conformity with the standard plan approved in accordance with the provisions of section two hundred and fifty-eight, after which the bustee shall be deemed to be a remodelled bustee.

263. No standard plan, prepared under sections two hundred and fifty-two, two hundred and fifty-three, two hundred and

fifty-seven, or two hundred and sixty-eight shall, without the consent of the owners, show more than one-fifth of the area of the bustee as roads or more than one-half as open lands not to be built upon, whether such open land be common ground, roads, or spaces behind a line of huts; but no tank that is not filled up shall be taken into account in calculating the above proportion. The proposed standard plan shall also, as far as possible, provide for one or more huts being completely contained in each separate plot of bustee land within the bustee and for a due proportion of roadway and open ground in each plot; and if a greater portion of any one plot is taken for roads or open ground than the proportion allowed by this section, the compensation which should be paid to the owner of this plot and the persons who should pay such compensation by reason of their benefiting thereby shall be specified; if no other owner can be equitably called upon to pay such compensation, it shall be paid by the Commissioners. The compensation thus fixed shall not be payable till the plot belonging to the owner entitled to it has been brought into complete conformity with the standard plan.

264. Any owner of bustee land included within the limits of a bustee may at any time give notice to the Commissioners that he

intends to change the character of the whole or of any portion of the land belonging to him, so that it will cease to be bustee land. If his notice refers only to a part of his land, a separate number shall be forthwith assigned in the assessment book to the part to which the notice applies. From the date of such notice no application shall be received for building, re-building, or adding to any hut in the land to which the notice applies, and the owner shall be bound to remove all existing huts within six months after giving such notice. When all the huts have been removed, the land shall cease to be liable to the incidents of bustee land, and, according to its situation, shall either be altogether excluded from the limits of the bustee, or shall be shown in the standard plan of the bustee as land within the said limits which is not bustee land.

265. The roads shown in the standard plan

of a bustee which are not if any public streets already public streets shall, unless the Commissioners

and the owners concerned otherwise agree, remain private streets; and the portion which falls on the land of each owner shall belong to such owner. Any portion which falls on land acquired or purchased by the Commissioners under section two hundred and sixty-one shall remain the property of the Commissioners.

Every such private street shall at all times be kept open to the conservancy carts of the Commissioners for the purpose of scavenging in the bustee, and shall also be kept open for the use of all the tenants of the bustee, but no such use, whether by the conservancy carts or by the tenants, shall be held by any lapse of time to confer a right of way on the public, so as to bring such street within the definition of a "public street."

266. If any portion of the land which it is

proposed to remove from the incidents of bustee land is shown in the standard

plan of the bustee as a road or part of a road, the notice shall be held not to apply to such road without the express consent of the Commissioners, but such road shall continue part of a private street open to the use of conservancy carts and of the tenants of the bustee.

267. When a standard plan has been prepared for a bustee, the several

owners of a bustee, when standard plan is prepared, deemed occupiers of the open spaces.

of such drains of the bustee as serve more than one hut, so far as constructed in accordance with such standard plan, and the owner of each hut shall be deemed to be the occupier of the land occupied by his hut, of that portion of the open space behind his hut which appertains to it, and of any drain which is for the sole use of his hut.

268. Notwithstanding anything contained in

sections two hundred and fifty-seven to two hundred and sixty-two, the Commissioners in meeting may,

upon receipt of the report prescribed under section two hundred and fifty-seven, pass a resolution to the effect that any bustee is an unhealthy area, and that, in the opinion of the Commissioners, the acquisition of the bustee, or any part thereof, by purchase, lease, or otherwise, is necessary for the purpose of making the requisite improvements thereon, and shall proceed to make a standard plan for the improvement of such land, and shall forward such plan, accompanied by such estimates as shall be necessary for a due understanding of the same, together with a copy of such resolution, for the consideration and sanction of the Local Government.

On receipt of such sanction, the Commissioners in meeting may acquire such land or any part thereof in the manner provided by Chapter XIII, Part II.

When the sanction of the Local Government has been accorded to any standard plan for the improvement of any land acquired by the Commissioners as above provided, the Commissioners in meeting may sell or let any part of the acquired land to any person for the purpose and under the condition that he will, as respects the land so purchased by, or leased to, him, carry out such standard plan.

The Commissioners may, instead of selling or letting the land acquired by them as aforesaid, themselves bring the bastee into conformity with such standard plan.

The Commissioners shall be bound to sell or lease such land in the manner aforesaid, or themselves to carry out the improvement sanctioned under this section within the term of four years from the date of their acquiring such land, unless the Local Government shall specially extend such term.

When a bastee has been improved under this section, it shall be deemed to be a remodelled bastee.

The Commissioners may, on good and sufficient cause, revoke or withdraw any such license they may think fit, and any person to whom any such license is granted, who shall charge for the sale of any such article any higher rate than the rate fixed for such article in such scale, shall, at the discretion of the Commissioners, be liable to have his license cancelled, and shall also be liable to a fine not exceeding Rs. 10.

The Commissioners shall not be bound to grant a fresh license to any person whose license may have been revoked, withdrawn, or cancelled under the provisions of this section.

- (g) Any fireplace or furnace which does not, as far as practicable, consume the smoke arising from the combustible used therein, and which is used for working engines by steam, or in any mill, factory, dye-house, brewery, bake-house, or gas-work, or in any manufacturing or trade process whatsoever, and any chimney (not being the chimney of a private dwelling-house) sending forth black smoke in such quantity as to be a nuisance;

1st.—That a penalty shall not be imposed on any person in respect of any accumulation or deposit necessary for the effectual carrying on of any business or manufacture, if it be proved to the satisfaction of the Magistrate that the accumulation or deposit has not been kept longer than is necessary for the purposes of the business or manufacture, and that the best available means have been taken for preventing injury thereby to the public health.

2nd.—That where a person is summoned before any Magistrate in respect of a nuisance arising from a fireplace or furnace which does not consume the smoke arising from the combustible used in such fireplace or furnace, the Magistrate shall hold that no nuisance is created within the meaning of this Act and dismiss the complaint, if he is satisfied that such fireplace or furnace was constructed before the passing of this Act, and is such manner as to consume as far as practicable, having regard to the nature of the manufacture or trade, all smoke

arising therefrom, and that such fireplace or furnace has been carefully attended to by the person having the charge thereof.

388. If the person on whom a notice to abate a nuisance has been served makes default in complying with any of the requisitions thereof within the time specified, or if the nuisance, although abated since the service of the notice, is, in the opinion of the Commissioners, likely to recur on the same premises, the Commissioners may cause a complaint relating to such nuisance to be made before a Magistrate, and such Magistrate shall thereupon issue a summons requiring the person on whom the notice was served to appear before him.

389. If the Magistrate is satisfied that the alleged nuisance exists, or that, although abated, it is likely to recur on the same premises, the Magistrate shall make an order on such person requiring him to comply with all or any of the requisitions of the notice or otherwise to abate the nuisance within a time specified in the order, and to do any works necessary for that purpose; or an order prohibiting the recurrence of the nuisance and directing the execution of any works necessary to prevent the recurrence; or an order both requiring abatement and prohibiting the recurrence of the nuisance.

391. Any person not obeying an order to comply with the requisition of the Commissioners or otherwise to abate the nuisance shall, if he fails to satisfy the Magistrate that he has used all due diligence to carry out such order, be liable to a penalty not exceeding Rs. 5 per diem during his default; and any person knowingly and wilfully acting contrary to an order of prohibition shall be liable to a penalty not exceeding Rs. 10 per diem during such contrary action; moreover, the Commissioners may enter the premises to which any order relates, and abate the nuisance, and do whatever may be necessary in execution of such order, and recover the expenses incurred by them from the person on whom the order is made.

406. The Commissioners in meeting may at

any time, with the sanction of the Governor-General in Council, raise, by the issue of new debentures, any money that may be required to pay any money for the time being due on any debentures issued under the authority of this Act, or of any enactment hereby expressly repealed.

The instalments payable to the reserve funds shall be at the rate of one per cent per annum on the aggregate unpaid sum borrowed by the Commissioners after the first day of April 1881, and at the rate of two per cent per

annum on the unpaid balance of all debenture loans contracted before that date:

408. The Commissioners shall apply the surplus to be invested, in accordance with the last preceding section so far as it is required or so far as it extends to repay such debenture loans issued by them as shall fall due in the course of the year and shall invest the surplus (if any) of the said sum, after repayment so aforesaid, or in case there has not been any amount due or paid in respect of such loans or debentures during the year, then they shall invest the whole of the said sum in Government securities; or in any securities guaranteed by Government, or in Calcutta municipal debentures, in the names of the Secretary to the Government of Bengal in the Financial Department and the Accountant-General of Bengal respectively for the time being, to be held as Trustees for the purpose of repaying at due date from time to time the several loans contracted or debentures issued by the Commissioners. And all money and securities now held by any Trustees for the Commissioners, for the purpose of paying off any sums borrowed by them, not being sums borrowed from the Secretary of State, or India in Council, shall be held by them upon the trusts hereinbefore declared.

All interest accruing due to the Trustees shall also from time to time be invested by them in like manner and held upon the like trust:

Provided always that the amounts of the fund formed by the payments made at the rate of two per cent per annum and the fund formed by the payments made at the rate of one per cent per annum shall be kept separate and distinct, and each reserve fund shall only be applied to paying off the debentures on account of which the instalments are payable.

409. The Trustees shall from time to time, whenever any loans or debentures shall fall due by the Commissioners, realise the whole or a sufficient portion of the securities held by them as aforesaid on account of the reserve fund applicable to liquidate such loans or debentures and apply the sale proceeds thereof, so far as the same will extend, to satisfy such loans or debentures. The Trustees shall, at the end of every year, submit a statement to the Commissioners showing the amount which has been invested during the year under section four hundred and eight, and setting forth the date of the last investment made previous thereto, and also the aggregate amount of the securities then in their hands, and the aggregate amount which has up to the date thereof been paid off in respect of the said debentures and loans.

Such statement shall be laid before the Commissioners in meeting and published in the Calcutta Gazette.

410. The total sum borrowed by the Commissioners by way of debenture loans under this or any preceding Act shall not exceed such an amount that the sum payable thereon annually by way of interest and as instalments due to the reserve funds shall be more than ten per cent on the annual valuation of Calcutta.

411. Nothing in this Chapter shall be construed to prevent the Commissioners in meeting from inviting tenders at any time for a new loan to be called the "Municipal Consolidated Loan," on such terms as may be approved by the Governor-General in Council, and also inviting holders of municipal debentures to exchange their debentures for such Municipal Consolidated Loan stock at such rates as the Commissioners may consider fair and the Governor-General in Council may approve. The scrip of such stock shall be in such form as the Commissioners in meeting, with the previous sanction of the Governor-General in Council, may prescribe. The Commissioners shall repay such Consolidated Loan by annual payments at a rate of not less than one-twentieth of the unpaid balance in each year in lieu of contributing to a reserve fund under section four hundred and seven, and the stock to be paid off shall be purchased in the open market; and the provisions of section four hundred and seven shall apply to the sums necessary to make such annual payment:

Provided that, if during any year no stock is obtainable in the open market at, or below, its par value, it shall not be obligatory on the Commissioners to make repayment until such stock is obtainable in the open market at, or below, its par value.

shall arise touching the right of any person to
compensation when the right thereto is disputed

of such compensation when the right thereto is
admitted, the same shall be settled in the manner
hereinafter provided for the settlement of dis-

verandahs, balconies, sunshades, weather-frames,

Penalty. commencement of this Act, unless with the consent in writing of the Commissioners, and whoever makes any external roof or wall of such materials, or suffers any roof or wall made of such materials to continue contrary to the provisions herein contained, and who shall not remove or alter the same within one month after notice in writing from the Commissioners, shall be liable to a fine not exceeding Rs. 10 for every day that such roof or wall shall be maintained.

Nothing in this section shall ordinarily apply to garden huts, orchid houses, ferneries or similar erections within compounds:

Provided that if in any particular case the Commissioners consider any such erection dangerous they may require the same to be removed or altered and thereupon the provisions of this section shall apply:

Provided also that this section shall not apply to the area by this Act added to Calcutta, or to any area hereafter included in it under section four hundred and fifty-eight until it shall have been specially extended to the whole or any portion thereof by a resolution passed by the Commissioners in meeting.

225. The Commissioners may give notice to the owner or occupier of direct lodges to be trim- any house or land to trim
med. or prune the hedges thereof bordering on any public street to a height not exceeding seven feet;

226. When the pavement or surface of any public street, or when any sewer or drain shall be opened or broken up by the Commissioners, they shall

227. If the Commissioners deem it necessary for the purposes of this Act to raise, sink, or otherwise alter the situation of any water-pipe or gas-pipe, or

other water-works or gas-works laid in any street (public or otherwise), they may, from time to time by notice in writing, require the person to whom any such pipes or works belong, or under whose control they may be, to cause forthwith, or as soon as conveniently may be, any such pipes or works to be raised, sunk, or otherwise altered in position in such manner as the Commissioners direct.

Such alteration shall not be such as permanently to injure such works, or to prevent the water or gas from flowing as freely and conveniently as before;

and the expenses attending such raising, sinking, or altering, and full compensation for the damage done thereby, shall be paid by the Commissioners as well to the persons to whom such pipes or works belong as to all other persons.

And if any dispute shall arise touching the amount or apportionment of such compensation, the same shall be settled in the manner hereinafter provided for the settlement of disputes respecting damages and expenses.

228. If the person to whom any such pipes or works as are mentioned in the last preceding section belong, or under whose control they may be, do not proceed forthwith, or as soon as conveniently may be after the receipt of the notice mentioned in the last preceding section, to cause the same to be raised, sunk, or altered in such manner as the Commissioners require, the Commissioners may themselves cause such pipes or works to be raised, sunk, or altered as they may think fit, provided that such works be not permanently injured thereby, or the water or gas prevented from flowing as freely and conveniently as before.

229. No person shall deposit any building materials or make a hole in any public street without the permission of the Commissioners in writing; and where such permission is granted to any person, he shall, at his own expense, cause such materials or such hole to be sufficiently fenced and enclosed, until the materials are removed or the hole is filled up and otherwise made secure; and shall cause the same to be sufficiently lighted at night, and if he neglects to sufficiently fence or light the same, and any damage or injury arises, he shall be liable to the Commissioners for any expense which they may incur by reason of such neglect.

230. Whoever deposits materials or makes a hole without such permission, or encloses more of the public street than the Commissioners have permitted him to enclose or fails to fence or enclose and light such materials or hole, or does not remove such materials or fill up such hole when the permission has lapsed or been withdrawn, shall be liable to a fine not exceeding Rs. 60, and to a further fine not exceeding Rs. 50 for each day during which the offence is continued after he has been convicted of such offence.

231. If any building, tank, well, or hole, or other place be, for want of sufficient repair, protection, or enclosure, dangerous to passengers or to persons living in the neighbourhood, the Commissioners may, by notice in writing, require the owner of the land to repair, protect, or enclose the same; and if he fails to comply with such requisition during eight days from the service thereof, the Commissioners shall cause the same to be repaired, protected, or enclosed, so as to prevent danger therefrom;

and the expenses thereby incurred shall be paid by the owner of the property so repaired, protected, or enclosed.

232. Whoever, being an owner of land, fails to comply with the requisition mentioned in the last preceding section, shall be liable to a fine not exceeding Rs. 200, and to a further fine, not exceeding Rs. 50 for every day during which the offence is continued after he has been convicted of such offence.

PART II.—Of Building Regulations regarding Houses.

233. If any building, or anything affixed thereto, be deemed by the Commissioners to be in a ruinous state, or likely to fall, or to be in any way dangerous, they shall immediately, if it appears to them to be necessary, cause a proper board or fence to be put up for the protection of passengers, and shall cause notice in writing to be given to the owner, if he be known and resident in Calcutta, and shall also cause such notice to be put on some conspicuous part of such building, or otherwise to be given to the occupier thereof (if any), requiring such owner or occupier forthwith to take down, repair, or secure, such building, or thing affixed thereto, as the case shall require.

If such owner or occupier does not commence to take down, repair, or secure the same within three days after such notice, or fails to complete such work with due diligence, the Commissioners shall cause all or so much of such building, or thing as they shall think necessary, to be taken down, repaired, or otherwise secured and the expenses thereby incurred shall be paid by the owner.

The provisions of section two hundred and seven and two hundred and eight shall apply to houses taken down or repaired under the provisions of this section.

234. If any building, or any part of the same, be taken down under the provisions of the last preceding section, the Commissioners may sell the materials thereof, or so much of the same as shall be taken down, and apply the proceeds of such sale in payment of the expenses incurred, and shall, on demand, restore to the owner any surplus arising from such sale.

The Commissioners shall have the same rights for compelling the payment of so much of the said expenses as may remain due after the application of the proceeds of such sale as by

this Act are given to them for compelling the payment of the whole of the said expenses.

235. Before beginning to build any new house or to convert any hut situated before beginning to build a house, or any temporary structure into a house, the person intending so to do shall obtain the sanction of the Commissioners to the site on which he proposes to build. With this object he shall submit a plan drawn to the scale of forty feet to the inch, showing the position of the house with reference to—

- (a) some existing public street; or
- (b) some projected public street approved of by the Commissioners in meeting under section two hundred and eight; or
- (c) some existing private street; or
- (d) some proposed private street which it is intended to construct under section two hundred and thirteen.

Such plan shall also show the position and approximate height of all other masonry houses within forty feet of the proposed site.

Provided that, for special reasons, the Commissioners may sanction any site without reference to its position in relation to any public or private street.

On receipt of such plan, the Commissioners shall, within thirty days, signify in writing their approval or disapproval of such site, or their disapproval thereof as not being a proper site with reference to—

- (a) the street shown in such plan; or
- (b) any other street or projected street on which it will abut; or
- (c) the position of the adjacent buildings.

If the street shown in the plan is a proposed private street, the Commissioners may at their discretion decline to approve of the site till such private street is commenced or completed.

Provided that where any site is disapproved by reason of its falling wholly or in part within the lines of any projected public street, the owner of

Compensation when so such site shall be entitled to be made reasonable compensation, if the site or the portion thereof that falls within such lines be not acquired by the Commissioners in meeting under section two hundred and four within one year after the date of such disapproval.

Until the approval of the site is signified in writing, the house shall not be constructed.

236. Before beginning to build any new

house on a site approved of under the last preceding section, or to rebuild or materially alter the structure of any house, the person intending so to do shall make an application to the Commissioners in a printed form to be prepared by them for this purpose (for which no charge shall be made), setting forth the description of the building, the purposes for which it is intended, its dimensions, such plan of the building as the form may specify, and such other details as may

be deemed requisite to enable the Commissioners to pass orders on such application.

237. On receipt of such application the Commissioners shall within thirty days, by a written order, either sanction the building of the new house, or for any one or more of the reasons set forth in the next succeeding section disallow it, or call for further information, on all or any of the following details:—

- (a) Plans and sections of every floor of the intended building which shall be drawn to a scale of not less than one inch to every eight feet, and shall show the position, form, and dimensions of the several parts of such building and of every water-closet, privy, urinal, cesspool, well, and other appurtenance, and in the case of a building intended as a dwelling-house for two or more families, or for carrying on any trade or business in which a number of people, exceeding twenty, may be employed, or as a public resort, the means of ingress and egress.
- (b) A description in writing of the materials of which it is intended that the building shall be constructed, of the thickness of the walls and roof, and of the intended mode of drainage, means of water-supply, and means of ventilation, and if the building is to adjoin or abut on a street, the intended means of access from such street.
- (c) The width and level of the street, if any, in front, and of the street, if any, at the rear of such building, the levels of the foundations and lowest floor of such building, and of any yard or ground belonging thereto.
- (d) A plan showing the intended line of drainage of such building, and of the intended site, depth and inclination of such drain, and of the details of the arrangements proposed for the ventilation of the drains.

If such requisition be not complied with, the application made under section two hundred and thirty-six shall be deemed to have been canceled.

The Commissioners may decline to accept any plan, section, or description as sufficient for the purposes of this section, which does not bear the signature of a competent builder or surveyor in token of its having been prepared by such builder or surveyor.

238. Within thirty days after the receipt

of the details, required to be given under the last preceding section, the Commissioners shall pass orders in writing either approving of the proposed building or disapproving thereof for any of the following reasons:—

- (a) that it will be unsafe; or
- (b) that it encroaches upon or over municipal land; or

(c) that its construction contravenes some specified provision of this Act; or some specified bye-law made under this Act.

If the Commissioners disapprove of the building for any of the above reasons it shall not be proceeded with till such modifications have been made as to satisfy the requirements of the Commissioners.

239. Nothing in sections two hundred and thirty-five and two hundred and thirty-six may be construed and thirty-six shall be deemed to preclude any person intending to build a new house from sending in simultaneously the ground plan required by section two hundred and thirty-five and the application required by section two hundred and thirty-six as also at his discretion all or any of the plans and details specified in section two hundred and thirty-seven.

Provided that the period of thirty days after the receipt of the application shall not commence to run till the site has been approved of. If the proposed work be not commenced within one year after the date of approval, it shall not be commenced without a fresh application being submitted under the provisions of section two hundred and thirty-six.

240. If any building such as is referred to in section two hundred and thirty-five be commenced without sending in the ground plan required by that section, or after such

ground plan has been sent in, before the site has been approved of by the Commissioners, the Commissioners may cause such house, or so much of it as has been constructed, to be demolished.

241. If any building or alteration such as is referred to in section two hundred and thirty-six be commenced without the application required by that section being sent to the Commissioners, or before

the expiration of the thirty days or of any subsequent period of thirty days prescribed by section two hundred and thirty-seven, or otherwise than in accordance with the information furnished in the application or in the further details and plans subsequently called for, or in contravention of any lawful orders issued by the Commissioners under section two hundred and thirty-eight, the Commissioners may cause such work as has been done to be demolished or altered in such manner as they may think fit, and the expenses thereby incurred shall be paid by the person failing to comply with the requirements of the Act.

242. The Commissioners may, in addition to, or in lieu of, exercising the powers conferred on them by section two hundred and forty and the last preceding section, prosecute any person who shall build a new house without sending in the ground plan required by section two hundred and thirty-five, or who shall build or re-build or materially alter the structure of any house without making the application required by section two hundred and thirty-six, and such person shall, on conviction, be liable to a fine not exceeding Rs. 100 and to a further fine not exceeding Rs. 20 for every day during which the offence is continued after he has been convicted of such offence.

243. The following provisions shall apply to buildings which it is proposed to construct under section two hundred and thirty-six:—

- (a). The levels and width of foundation shall be such as the Commissioners consider satisfactory.
- (b). No house shall be built upon a lower level than will allow of the drainage of such house or building being led into some public sewer then existing or projected, or into some tidal river into which the Commissioners are empowered to empty their sewers.
- (c). The plot of such building shall be at least two feet above the centre of the nearest street.
- (d). The building shall not be erected over any sewer or drain belonging to the Commissioners without their written consent.
- (e). Every privy shall be so situated and so constructed as not to be a nuisance to the neighbours or dangerous to the health of the inmates.
- (f). Every building shall be provided with adequate ventilation.
- (g). No building shall cover a greater portion of the ground belonging to the owner of it and forming part of the same or adjacent premises, than is consistent with the free circulation of air, imposing the owners of contiguous lands to cover their land with buildings to the same extent.

244. If the Commissioners fail to pass orders

If Commissioners fail to pass orders within thirty days, as required by sections two hundred and thirty-seven and two hundred and thirty-eight, the person making such application may, notwithstanding anything hereinbefore contained, proceed to build or rebuild the house.

245. Every person intending to build or take down any house, or to alter or repair the outward part of any house, where any public street will be obstructed or rendered inconvenient by means of such work shall, before beginning the same, cause sufficient boards or fences to be put up, in order to separate the house where such works are being carried on from the street, and shall keep such board or fence standing and in good condition, to the satisfaction of the Commissioners, during such time as the public safety or convenience requires, and shall cause the same to be sufficiently lighted:

Provided that no person shall put up a board or fence without the written permission of the Commissioners, and shall not keep up such board or fence for a time longer than that specified in such written permission.

246. Every person who begins to build, or to take down, or alter, or repair any house contrary to the provisions of the last preceding section, or who, without a license, erects or puts up any board, scaffolding, or fence whatsoever, or who, having obtained permission, fails to put up such fence or board, or to maintain the same standing and in good condition, or who does not, while such

board or fence is standing, keep the same sufficiently lighted, or who does not remove the same when the time specified in the permission has elapsed, shall be liable to a fine not exceeding Rs. 50 for every such offence, and to a further fine not exceeding Rs. 20 for each day during which the offence is continued after he has been convicted of such offence.

PART III.—Of Building Regulations regarding Huts and Bustees.

247. Before beginning to build, re-build or house is prescribed add to any hut, the person form to be given before intending so to do shall make an application to that effect to the Commissioners in a form to be provided by them (for which no charge shall be made.) Such form shall require a ground plan of the hut drawn to the scale of eight feet to the inch and such other details as the Commissioners may prescribe. On receipt of such application, the Commissioners shall, within fourteen days, express their approval of the proposed work, or their disapproval on any one or more of the following grounds:—

- (a) That the site is ill-chosen with reference to adjacent huts or with reference to any present or proposed roads.
- (b) That the ventilation will be defective.
- (c) That the arrangements for scavenging or drainage are defective.
- (d) That the hut will be within thirty feet of a tank.
- (e) That the hut will be on the site of a tank which has been so recently filled up as to be prejudicial to the health of a person dwelling in it.
- (f) That the plinth is not two feet above the level of the centre of the nearest street.
- (g) That the erection of the proposed hut will infringe some specified bye-law made under this Act.

If the proposal is approved the hut may be built, re-built, or added to at any time within six months after the date of sanction. If it is disapproved on any of the grounds above stated, the work shall not be commenced till such modifications have been made in the plan of the proposed hut as the Commissioners may deem necessary.

248. If any hut be built, re-built, or added to without making such application to the Commissioners as is required by the last preceding section, or before the approval of the Commissioners has been obtained under that section, the Commissioners may cause such hut or so much of it as has been constructed to be demolished or altered in such manner as they may prescribe; and the expenses of such demolition or alteration shall be paid by the person failing to comply with the provisions of this Act.

249. The Commissioners may, in addition to, or in lieu of, exercising the powers conferred on them by the last preceding section prosecute any person who builds, re-builds, or adds to any hut in contravention of the provisions of section two hundred and forty-seven, and such person shall be liable to a fine not exceeding Rs. 100 for any such offence, and to a further fine not exceeding Rs. 20 for every day

during which the offence is continued after he has been convicted of such offence.

250. If the Commissioners fail to pass orders within fourteen days on their making application may be required by section two hundred and forty-seven, the person making such application may notwithstanding anything hereinbefore contained proceed to build or rebuild the house.

251. The Commissioners may define the external limits of any bustee, and may from time to time modify such limits; and for the purpose of this Act, land comprised within such limits shall be deemed to be a bustee:

Provided that every bustee shall consist of one or more complete plots of bustee land, separately numbered as such in the assessment book, and no plot bearing only one number shall be divided so as to fall within the limits of separate bustees. The existence of one or more houses with the land attached thereto, within the limits defined as above, shall be no bar to the bustee lands within such limits being deemed to be a bustee: Provided also that the Commissioners shall have no power under this Part of exercising any control over such houses and land attached, except by acquiring the whole or any portion of them by purchase or in the manner provided by Chapter XIII, Part II.

252. The Commissioners may at any time serve a notice upon the Commissioners may call upon bustee owners to owners of a bustee, calling them to prepare a joint plan thereof to the scale of forty feet to the inch showing the manner in which such bustee should be laid out with the huts standing in regular lines and with a free passage in front of and behind each line, of such width as may be necessary for ventilation and for scavenging. The plan shall also show the proposed drains of the bustee, the water-supply, bathing arrangements (if any) and the privy accommodation to be provided for the use of the tenants, the roads which are to be maintained for their benefit, the land, if any, which is to be kept as common land, the tanks which are to be filled up or conserved, and any other proposed improvements.

Such plan, when prepared as above, shall be considered by the Commissioners, and such modifications shall be made therein as the Commissioners shall require. After any plan has been finally approved of by the Commissioners, it shall be taken as the standard plan of the bustee. If any land within the limits of a bustee is not bustee land, the standard plan shall be so prepared as clearly to distinguish it from the hustee land.

When a call has been made on the owners of the bustee to prepare a joint plan under this section, no hut shall be built, re-built, or added to within the bustee till a standard plan has been prepared.

253. If the owners of a bustee cannot agree among themselves in the preparation of a joint plan, or if they for any reason prefer to have a joint plan prepared for them by the Commissioners, or if they fail to comply with the notice to submit a

joint plan within the space of sixty days, the Commissioners shall, within a further period of sixty days, themselves prepare a plan to the scale and in the manner prescribed in the last preceding section for which they may charge the owners at such rate not exceeding Rs. 3 per bigab as the Commissioners in meeting may fix. The cost of preparing such plan may be recovered as a rate under this Act.

~~Commissioners may require the owner to submit his plan to be examined.~~ 254. When a plan has been prepared by the Commissioners under the last preceding section, they shall fix a day for the hearing of objections on the part of the owners; and may at their discretion modify the plan in accordance with any objections made. When the objections have been disallowed, or when the plan has been modified in conformity with any objections raised, it shall be approved of by the Commissioners, and shall thereafter be taken as the standard plan of the bazaar.

~~Commissioners may require the owner to submit his plan to be examined.~~ 255. When a standard plan has been prepared for any bazaar under sections two hundred and fifty-two or two hundred and fifty-four, no hut shall be built, re-built, or added to in such bazaar unless the hut or the portion to be added occupies a site, or portion of a site marked as the site for a hut in the standard plan. The Commissioners may, at any time by paying compensation to the owner of any hut not in conformity with the standard plan, require him to take down his hut and rebuild it in conformity with such plan. Such compensation shall, in the event of dispute, be determined in the manner provided in this Act for the settlement of disputes respecting damages and expenses.

The Commissioners may at any time serve a notice upon the owners of any bazaar, calling upon them to construct the roads, privies, drains, and other details shown in the standard plan of any bazaar, so far as may be practicable in the existing arrangement of the bazaar, and if any tank is shown as to be filled up or improved, may call upon the owner to fill up or improve such tank. Till such notice is complied with, the Commissioners may refuse to sanction the building or re-building of any hut in the bazaar, or any addition to any existing hut.

~~Commissioners may require the owner to submit his plan to be examined.~~ 256. When a bazaar has been brought into conformity with a standard plan which has been prepared for it, it shall be deemed to be a remodelled bazaar.

~~Commissioners may require the owner to submit his report to the meeting.~~ 257. When it appears to the Commissioners that any bazaar is, by reason of the manner in which the huts are crowded together, or for any other reason, in such an unhealthy condition that the procedure provided by sections two hundred and fifty-two to two hundred and fifty-six will be too dilatory for improving such bazaar, they may cause it to be inspected by two medical officers who shall make a report in writing on the sanitary condition of the said bazaar.

Such report shall be accompanied by a plan which shall be approved of by the medical officers as a proper standard plan of the bazaar, and they shall certify which of the charges necessary to bring the bazaar into conformity with the proposed standard plan should be taken in hand

forthwith, in consequence of the unhealthy condition of the bazaar, and which can await the procedure prescribed in sections two hundred and fifty-two to two hundred and fifty-six. The foregoing changes shall be shown in a Schedule attached to the report to be called Schedule A; and this Schedule shall clearly indicate the huts which should wholly or in part be removed, the roads and drains which should be constructed, the tanks or low lands which should be filled up, and all other works necessary to remove or abate the unhealthy condition of the bazaar. If for the purpose of making such roads or effecting any other improvement, it is necessary to purchase or acquire any land within the bazaar which is not bazaar land, the schedule shall specify the land which should be purchased or acquired.

258. On receipt of the report of the medical officers, the Commissioners ~~in meeting may cause a notice to be served upon the~~ owners or occupiers of the huts, or at the option of the Commissioners, the owner of the land on which such huts are built, requiring them to carry out and execute within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid Schedule A annexed to the report, or any portion thereof respectively.

The Commissioners in meeting shall also approve of the standard plan prepared by the medical officers with such modifications as they may deem proper.

259. If, after the service of the notices referred to in the last preceding section, such owners or occupiers, or the owners of the land, shall refuse or neglect to carry out and execute the said works within the time appointed, the Commissioners may cause all or any of the said works, or any portion thereof respectively, to be executed; and the expenses thereby incurred, including such reasonable compensation as the Commissioners think fit to pay to the owners or occupiers of huts destroyed or removed, shall be paid by the owners of the land:

~~Commissioners may require the owner to submit his report to the meeting.~~ Provided that the Commissioners in meeting may order the expenses so incurred to be recovered by instalments from the owners of the land, or, if it should appear to them that any such owner is unable by reason of poverty to pay the same, may order the same or any portion thereof to be paid out of the General Fund.

260. If any of the said huts be pulled down, ~~the~~ the Commissioners shall cause the materials of each hut to be given to the owner of the hut; or if the owner be unknown, or the title disputed, the materials shall be sold and the proceeds shall be held in deposit by the Commissioners until the person interested therein shall obtain an order from a competent court for the payment of the same.

A Court of Small Causes shall be deemed competent court for the purpose.

261. The Commissioners may, at any time after the receipt of the report of the medical officers, acquire by purchase, or in the manner provided

Chapter XIII, Part II, any land other than bustee land shown in that report as land which should be acquired.

262. After the works specified in Schedule A attached to the report

When no authority has been given under section two hundred and fifty-seven, or so much of such works as are

approved by the Commissioners in meeting, have been completed, the provisions of section two hundred and fifty-five shall apply to such bustee until it is brought into complete conformity with the standard plan approved in accordance with the provisions of section two hundred and fifty-eight, after which the bustee shall be deemed to be a remodelled bustee.

263. No standard plan, prepared under sections two hundred and fifty-two, two hundred and fifty-three, two hundred and

Provisions as to stand. **fifty-seven, or two hundred and sixty-eight shall, without the consent of the owners, show more than one-fifth of the area of the bustee as roads or more than one-half as open lands not to be built upon, whether such open land be common ground, roads, or spaces behind a line of huts; but no tank that is not filled up shall be taken into account in calculating the above proportion. The proposed standard plan shall also, as far as possible, provide for one or more huts being completely contained in each separate plot of bustee land within the bustee and for a due proportion of roadway and open ground in each plot; and if a greater portion of any one plot is taken for roads or open ground than the proportion allowed by this section, the compensation which should be paid to the owner of the plot and the persons who should pay such compensation by reason of their benefiting thereby shall be specified; if no other owner can be equitably called upon to pay such compensation, it shall be paid by the Commissioners. The compensation thus fixed shall not be payable till the plot belonging to the owner entitled to it has been brought into complete conformity with the standard plan.**

264. Any owner of bustee land included within

Effect of notice of intention to change character of bustee land.

the limits of a bustee may at any time give notice to the Commissioners that he intends to change the character of the whole or of any portion of the land belonging to him, so that it will cease to be bustee land. If his notice refers only to a part of his land, a separate number shall be forthwith assigned in the assessment book to the part to which the notice applies. From the date of such notice no application shall be received for building, re-building, or adding to any hut in the land to which the notice applies, and the owner shall be bound to remove all existing huts within six months after giving such notice. When all the huts have been removed, the land shall cease to be liable to the incidents of bustee land, and, according to its situation, shall either be altogether excluded from the limits of the bustee, or shall be shown in the standard plan of the bustee as land within the said limits which is not bustee land.

265. The roads shown in the standard plan

Roads in standard plan of a bustee which are not already public streets shall, unless the Commissioners

and the owners concerned otherwise agree, remain private streets; and the portion which falls on the land of each owner shall belong to such owner. Any portion which falls on land acquired or purchased by the Commissioners under section two hundred and sixty-one shall remain the property of the Commissioners.

Every such private street shall at all times be kept open to the conservancy carts of the Commissioners for the purpose of scavenging in the bustee, and shall also be kept open for the use of all the tenants of the bustee, but no such use, whether by the conservancy carts or by the tenants, shall be held by any lapse of time to confer a right of way on the public, so as to bring such street within the definition of a "public street."

266. If any portion of the land which it is

Roads in a bustee not affected by change of character of bustee land.

sought to remove from the incidents of bustee land is shown in the standard plan of the bustee as a road or part of a road, the notice shall be held not to apply to such road without the express consent of the Commissioners, but such road shall continue part of a private street open to the use of conservancy carts and of the tenants of the bustee.

267. When a standard plan has been prepared for a bustee, the several

owners of the bustee land shall be respectively deemed to be the occupiers of the roads, common ground, and of such drains of the bustee as serve more than one hut, so far as constructed in accordance with such standard plan, and the owner of each hut shall be deemed to be the occupier of the land occupied by his hut, of that portion of the open space behind his hut which appertains to it, and of any drain which is for the sole use of his hut.

268. Notwithstanding anything contained in

sections two hundred and fifty-seven to two hundred and sixty-two, the Commissioners in meeting may, upon receipt of the report prescribed under section two hundred and fifty-seven, pass a resolution to the effect that any bustee is an unhealthy area, and that, in the opinion of the Commissioners, the acquisition of the bustee, or any part thereof, by purchase, lease, or otherwise, is necessary for the purpose of making the requisite improvements thereon, and shall proceed to make a standard plan for the improvement of such land, and shall forward such plan, accompanied by such estimates as shall be necessary for a due understanding of the same, together with a copy of such resolution, for the consideration and sanction of the Local Government.

On receipt of such sanction, the Commissioners in meeting may acquire such land or any part thereof in the manner provided by Chapter XIII, Part II.

When the sanction of the Local Government has been accorded to any standard plan for the improvement of any land acquired by the Commissioners as above provided, the Commissioners in meeting may sell or let any part of the acquired land to any person for the purpose and under the condition that he will, as respects the land so purchased by or leased to, him, carry out such standard plan.

The Commissioners may, instead of selling or letting the land acquired by them as aforesaid, themselves bring the bastes into conformity with such standard plan.

The Commissioners shall be bound to sell or lease such land in the manner aforesaid, or themselves to carry out the improvement sanctioned under this section within the term of four years from the date of their acquiring such land, unless the Local Government shall specially extend such term.

When a baste has been improved under this section, it shall be deemed to be a remodelled baste.

269. The Commissioners in meeting may sanction the employment of any rate for cleaning a special establishment for bastes. The cleaning of bastes, and when such establishment has been sanctioned, they may impose a rate to defray the cost of such establishment, on the owners of such bastes:

Provided that, without the consent of the owners, no such rate shall be levied upon any remodelled baste.

270. If any baste for which no such establishment as is referred to in the last preceding section is maintained, appears to the Commissioners to be in a filthy condition, the Commissioners may serve notices upon the occupiers as defined in section two hundred and sixty-seven, requiring them within three days to cleanse the same, and if the occupiers do not comply with the terms of such notices to the satisfaction of the Commissioners, the Commissioners may cleanse the whole or any portion of the baste which requires cleaning, and may recover the cost incurred by them from the occupiers of such portions of the baste as they have cleansed in such manner as a rate may be recovered.

CHAPTER XI.

Of Drainage Works, Drains and Privies.

271. The Commissioners may carry out such a complete system of drainage and sewerage as they may think fit, subject to the approval of the Local Government, and such alterations as may from time to time be ordered by it.

272. All public sewers and drains, and all sewers, drains, tunnels, and culverts in, alongside, or under any public street, whether made at the cost of the Commissioners or otherwise, and all works, materials, and things appertaining thereto, shall rest in, and belong to, the Commissioners.

273. The Commissioners shall have power to construct within Calcutta, and when necessary for the purposes of outfall or distribution of sewage without Calcutta, such sewers as they may think necessary for keeping the town properly cleaned and drained, and may carry such sewers through, across or under any road, street or place, and after reasonable notice in writing into, through or under any premises or lands whatsoever, and may from time to time enlarge, lessen, alter, arch over or otherwise improve, modify or

change, or close up or divert any sewer, vested in them, provided no nuisance is created by such operations; and if any person is thereby deprived of the lawful use of any drain or sewer, the Commissioners shall provide another as effectual for his use within one hundred feet from some part of his premises. The Commissioners shall cause their sewers to be so constructed, kept and cleared as not to be a nuisance or injurious to health, and for the purpose of cleaning, flushing and emptying them may construct and place either above or under ground, such reservoirs, sluices, engines or other works as may be necessary, and may cause such sewers to communicate with, and be emptied into, such places as may be fit and necessary within Calcutta, and it necessary for the purpose of outfall or distribution of sewage without Calcutta, and may cause the sewage and refuse therefrom and from the town to be collected for sale, or for the improvement of land, or for incineration, or for any purpose whatsoever, but not so as to create a nuisance.

If a sewer is carried into, through or under any lands not belonging to the Corporation, the Commissioners shall make compensation to the owner thereof for any damage sustained by him by reason of such sewer being so carried into, through or under his land. In case of dispute, the amount of compensation payable by the Commissioners shall be determined in the manner hereinafter provided for the settlement of disputes respecting damage and expenses.

274. When the contents of any sewer or drain, or any other flow of filth or refuse, are discharged into any river or stream in the bed or channel of which the quantity of water at any season of the year is so much diminished, by natural or artificial causes, as to be insufficient to keep such channel clean or clear, the Commissioners, with the sanction of the Local Government, may make such alteration in the bed of such river or stream as may prevent such sewer and drain-water from spreading over the surface of such bed, or from accumulating and stagnating in parts thereof to the injury of health or the antiquities or the surrounding population.

275. If any person, without the written consent of the Commissioners first obtained, makes or alters any drain leading into any of the sewers or drains vested in the Commissioners, or makes such drain, or carries out such alterations, with materials not approved of by the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit;

and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

276. Whoever, without the written consent of the Commissioners first obtained, makes or alters any drain leading into any of the sewers or drains vested in the Commissioners by this Act, shall be liable to a fine not exceeding Rs. 200.

277. If any house or land within one hundred feet of a public sewer or surface drain fit for use, or of some tidal river or other place at which the Commiss-

or alters any drain leading into any of the sewers or drains vested in the Commissioners, or makes such drain, or carries out such alterations, with materials not approved of by the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit;

and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

vested in the Commissioners by this Act, shall be liable to a fine not exceeding Rs. 200.

Commissioners empowered to make drains from houses which are not properly drained.

sioners are empowered to empty their sewers, be at any time not drained to the satisfaction of the Commissioners by sufficient surface drains or pipes communicating with some sewer, surface drain, tidal river, or other place as aforesaid, the Commissioners may, if the owner neglects to do so within fifteen days after notice, construct or lay through or from such house or land, suitable drains of such materials, of such size and with such fall, as they shall think necessary for the complete draining of such house or land;

and the expenses thereby incurred shall be paid by the owner.

For the purpose of efficiently draining any house or land under this section, the Commissioners may require any court-yard, alley, or passage between two or more houses, to be paved with such materials and in such manner as may be approved of by them, and may require such paving to be kept in proper repair. They may also require the level of any such court-yard, alley, or passage to be raised if necessary, for the efficient drainage thereof.

278. The Commissioners themselves may construct and lay down such portions of the drains mentioned in the last preceding section and sections two hundred and eighty-two and two hundred and eighty-three, as may be carried through or under any public drain, aqueduct, or street, and the expenses thereby incurred shall be paid by the owner.

279. Whenever it is provided in this Chapter that steps shall or may be taken for the effectual drainage of any premises, it shall be competent to the Commissioners to require that there shall be one drain for sewage and polluted water, and another and an entirely distinct drain for rain-water or unpolluted subsoil water or for both, each emptying into separate municipal drains or other suitable places.

280. It shall not be lawful for any person to make any underground drains in connection with the public sewers unless he shall hold a license from the Commissioners under such rules and regulations as the Commissioners may, from time to time, lay down, and which shall be printed on the back of the license.

Any person holding such license, who shall infringe or break any such rule or regulation, shall be liable to have his license cancelled, and he or any person making any underground drain in connection with the public sewers without a license shall be liable to a fine not exceeding Rs. 20.

281. The Commissioners may cause the work of laying underground supervision of certain drains to be supervised while in progress, and from time to time during their execution may order such reasonable alterations therein, additions thereto, and abandonment of part or parts thereof, as may to the Commissioners appear, on the fuller knowledge afforded by the sounding of the ground, requisite to secure the complete and satisfactory execution of such works as aforesaid.

282. If it appear to the Commissioners that a group or block of houses may be drained more economically or advantageously in combination than separately, and a sewer of sufficient size already exists, or is about to be constructed, within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be drained by a combined operation;

and the expenses thereby incurred shall be paid by the owners of such houses, or, in the case of baste land, by the owners of the land in such proportions as shall to the Commissioners seem fit.

Not less than fifteen days before any work under this section is commenced, the Commissioners shall give notice to the owners of all the land or houses to be drained of the nature of the proposed work and an estimate of the expenses about to be incurred in respect thereof and the proportion payable by each owner.

283. Whenever a drain belonging to one or more persons has been laid in any street or passage common to more than one house, and it is deemed desirable to drain any other premises into such drain, the Commissioners may require the owners of such drain to allow a connection therewith to be made on such terms as may seem to them equitable, and the owner or owners of the drain shall be entitled to refuse to allow the connection to be made until the terms prescribed have been accepted and any order for payment made by the Commissioners has been complied with.

284. All underground drains in streets (public or otherwise) shall be provided by the Commissioners or by the persons to whom they severally belong with proper traps or other coverings and means of ventilation, so as to prevent stench.

If the owner of any private sewer or underground drain shall, for ten days after notice given to him by the Commissioners, neglect or delay to provide proper traps or coverings and means of ventilation as aforesaid, the Commissioners may forthwith provide and apply the same;

and the expenses thereby incurred shall be paid by the owner.

285. The Commissioners may erect on, or fix to, any house or wall such properly jointed pipes as they may deem necessary for the proper ventilation of the sewers belonging to them, and such pipes shall be carried to a height of not less than six feet above the highest part of the highest adjacent house, and erected so as not to occasion any nuisance or inconvenience to any house in the neighbourhood.

286. All branch drains, as well within as without the house or land to which they belong, and all privies, cess-pools, stables and cow-houses in Calcutta, shall be under the survey and control of the Commissioners as regards their site, material, dimensions and construction, and shall be altered, supplied with water, connected with a sewer, paved, repaired, kept in proper order, stopped up, or demolished, at the costs and charges

of the owner of the house or land to which the same belong, or for the use of which they are constructed or continued;

and if the owner of any house or land to which any such drain, privy, cess-pool, stable or cow-house belongs, neglect, during eight days after notice in writing, to execute the work in the manner required by the Commissioners, the Commissioners may cause the work to be executed in respect of such drain, privy, cess-pool, stable or cow-house;

and the expenses thereby incurred shall be paid by the owner.

287. If any private drain is obstructed, the occupier of the premises in which such drain is situate

shall, within six hours after receiving notice to do so from the Commissioners, cause the obstruction to be removed, and if he make default, the Commissioners may cause the necessary work to be done and the expenses thereby incurred shall be recoverable from such occupier.

288. If any branch drain, privy, cess-pool, stable or cow-house be constructed contrary to the directions, bye-laws or regulations of the Commissioners, or contrary to the provisions of this Act, or if any person, without the consent of the Commissioners, constructs, rebuilds or enlarges any branch drain, privy, or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, or constructs or rebuilds any stable or cow-house which has been ordered by them to be demolished or not to be built, the Commissioners may cause such amendment or alteration to be made in any such branch drain, privy, cess-pool, stable or cow-house as they think fit;

and the expenses thereby incurred shall be paid by the person by whom such branch drain, privy, cess-pool, stable or cow-house was improperly constructed, rebuilt, or otherwise dealt with.

289. Whoever constructs any drain, privy, cess-pool, stable or cow-

290. The Commissioners may inspect any branch drain, privy, cess-pool, stable or cow-house, and for that purpose, at any time between sunrise and sunset, after one hour's notice in writing to the occupier of the house or land to which such branch drain, privy, cess-pool, stable or cow-house is attached, may enter upon such house or land with such assistants and workmen as are necessary, and cause the ground to be opened where they may think fit, doing as little damage as may be;

and if, upon such inspection, it appears that such branch drain, privy, cess-pool, stable or cow-house is not in good order and condition, or that it has been constructed contrary to the provisions of this Act, the expenses of such inspection shall be

paid by the person to whom such branch drain, privy, cess-pool, stable or cow-house may belong;

and if any branch drain is choked, or if any other defect connected with such branch drain which requires to be forthwith remedied is brought to light by such inspection, the Commissioners shall then and there clear out the branch drain, or remedy the defect;

but if the branch drain, privy, cess-pool, stable or cow-house be found to be in proper order and condition, and not to have been constructed in violation of the provisions of this Act, the Commissioners shall cause the ground to be closed and made good as soon as may be, and the expenses of opening and closing the ground shall be paid by the Commissioners.

and if any difference arises between the Commissioners and the persons affected thereby,

such difference shall be settled in the manner hereinbefore provided for the settlement of disputes respecting damages and expenses.

PART I.—Of scavenging and cleansing.

297. The Commissioners shall cause the public streets to be sufficiently lighted and regularly swept and cleansed; and the rubbish and offensive matter of every kind whatsoever found thereon to be collected and removed every day.

298. The Commissioners may cause any number of moveable or fixed dust-boxes or other convenient receptacles (wherein rubbish and offensive matter arising from the ordinary domestic use of houses, may be temporarily deposited until removed and carried away,) to be provided and placed in proper and convenient situations, and may require the occupiers of houses in public streets to cause all such matter as aforesaid to be deposited in such receptacles, and between such hours as they may from time to time direct:

Provided that no occupier shall be required to deposit refuse in a dust-box at a greater distance than fifty yards from the entrance of his premises.

299. Subject to the proviso contained in the last preceding section, every person who, after such receptacles have been provided, and after such requisition as aforesaid, shall deposit, or cause or permit to be deposited, any such matter in any public street, except in such receptacles, shall be liable to a fine not exceeding Rs. 10.

300. Whoever deposits, or causes to be deposited, any rubbish, offensive matter, or sewage in any public street, or on any public quay, jetty, ghat, or landing place, or on any part of the river bank, whether above or below high water mark, except in such places, and in such manner, and at such hours, as shall be fixed by the Commissioners, shall be liable to a fine not exceeding Rs. 10 for every such offence.

- the hours within which sewage or any offensive matter may be removed;
- the kind of cart or other receptacle in which it may be removed;
- the route by which such cart or other receptacle shall proceed.

304. When the Commissioners have fixed such hours and given public notice thereof, whoever removes or causes to be removed along any street (public or otherwise) any such sewage or offensive matter at any time, except within the hours so fixed, and also, whoever at any time, whether such hours have been fixed by the Commissioners or not, uses for any such purpose any cart, carriage, or other receptacle or vessel other than that approved and sanctioned by the Commissioners, or spills any such sewage or offensive matter in the removal thereof, and does not carefully sweep and clean every place in which any such offensive matter has been so spilled, or places or sets down in any public place any vessel containing such sewage or offensive matter, or drives or takes, or causes to be driven or taken, any cart, carriage, receptacle, or vessel used for any such purpose as aforesaid, through any street (public or otherwise), or by any route other than that, from time to time, by public notice, appointed for that purpose by the Commissioners, shall be liable to a fine not exceeding Rs. 20 for every such offence.

306. The occupier of any premises in or upon which any animal shall die, or upon which the carcass of any animal shall be found, and the person having the charge of any animal which dies in a street or in any open place shall, within three hours after the death of

such animal, or if the death occurs at night, within three hours after sunrise, either—

When any carcass is removed, in the manner provided in clause (b) a fee for the removal, of such amount as shall be fixed by the Commissioners, shall be paid by the owner of the animal, or, if the owner is not known, by the occupier of the premises in or upon which, or by the person in whose charge the same died. The word "animal" in this section includes an elephant, camel, horse, mule, dog-kay, horned beast, sheep, pig, or other large animal.

307. Whoever, being the occupier of any house or land, keeps or suffers to be kept any offensive matter for more than twenty-four hours, otherwise than in a proper receptacle, or suffers such receptacle to be in a filthy or noxious state, shall be liable to a fine not exceeding Rs. 20, and to a further fine, not exceeding Rs. 30, for each day during which the offence is continued after he has been convicted of such offence; and the Commissioners may cleanse the premises, and the expenses thereby incurred shall be paid by the occupier.

or becomes in a filthy or unwholesome state, or is established by any two or more of the neighbours as a nuisance,

the Commissioners, after due enquiry, may cause notice in writing to be given to the owner, or to the person claiming or believed to be the owner, if he be known and resident in Calcutta, and shall also cause such notice to be put on the door of the house or some conspicuous part of the land requiring the persons concerned therein, whoever they may be, to remove, enclose, clean, or clear the same;

and if such notice shall not be complied with within eight days, the Commissioners shall cause the necessary work to be executed, and the expenses thereby incurred shall be recovered from the owner or by the sale of any materials found upon such house or land, and the provisions of between two hundred and thirty-four shall be applicable to such sale.

310. The Commissioners may provide and maintain in proper and convenient situations, common necessities and urinals, and shall cause the same, when provided, to be constructed, and kept so as not to be a nuisance or injurious to health.

311. The Commissioners may license, for any period not exceeding one year, such necessities as they may, from time to time, think proper; and may at any time, on giving one month's notice, if they think fit, cancel any license so granted.

All fees payable under any license granted under this section shall be recoverable from the persons liable to pay the same, as if the amounts payable in respect thereof were rates due to the Commissioners from such persons, under the provisions of Chapter VI.

312. Whoever keeps any public necessary without a license required in the last preceding section, or, having a license, suffers such public necessary to be in a filthy or noxious state, shall be liable to a fine not exceeding Rs. 100 for every such offence, and to a further fine not exceeding Rs. 50 for each day during which the offence is continued after he has been convicted of such offence.

313. The Commissioners shall maintain an establishment under their control for the removal of sewage from all houses the drains of which are not connected with the sewer.

314. The Commissioners in meeting may, by a general order, or by an order to affect such portion of Calcutta as may be specified therein, prohibit the making of excavations for the purpose of taking earth therefrom, or for the purpose of storing rubbish or offensive matter therein, and the digging of cess-pools, tanks, wells or pits without the special permission of the Commissioners.

If any such excavation, cess-pool, tank, well or pit is made after the issue and publication of such order without such permission, the Commissioners may require the owner and occupier of the land on which such excavation, cess-pool, tank, well or pit is made, within two weeks to fill up such excavation with earth or other material approved of by them, and in default, the Commissioners may enter upon the land and execute the work, and the expense thereby incurred shall be paid one-half by the owner and one-half by the occupier of such land.

315. When any well, tank, or marshy ground, or any waste or other land, stagnant water, whether natural or otherwise, within any private enclosure or not, appears to the Commissioners to be injurious to health or to be offensive to the neighbourhood, the Commissioners may require, by notice in writing, the owner of the same to cleanse or fill up such well, tank or marshy ground with suitable material, or to drain off or remove such stagnant water; and if he shall refuse or neglect to comply with such requisition during one month from the service thereof, the

Commissioners may enter into the said premises, and do all necessary acts for all or any of the purposes aforesaid as they shall think fit;

and the expenses thereby incurred shall be paid by the owner, and until so paid the Commissioners may retain possession of the land or tank or the site of such tank and utilize the same for public purposes.

316. Whoever, being an owner of land, fails to comply with the requisition mentioned in the last

preceding section, shall be liable to a fine not exceeding Rs. 200, and to a further fine not exceeding Rs. 50 for each day during which the offence is continued after he has been convicted of such offence.

PART II.—Inspection and sanitary regulation of premises.

317. The Commissioners may inspect any building or other premises for the purpose of ascertaining the sanitary condition thereof.

318. If it shall appear to the Commissioners necessary for sanitary reasons so to do, they may, by written notice, require the owner or occupier of any building so inspected, to cause the same or some portion thereof to be lime-washed or otherwise cleansed, either externally or internally, or both externally and internally, within a time to be specified in such notice.

319. If, for any reason, any building intended for or used as a dwelling shall appear to the Commissioners to be unfit for human habitation, they may apply to a Magistrate to prohibit the further use of such building for such purpose; and the Magistrate, after such inquiry as he thinks fit to make, may, by written order, make a prohibition as aforesaid or may pass such other order as he shall deem just and proper.

When any such prohibition has been made, no owner or occupier of such building shall use or suffer the same to be used for human habitation until the Commissioners certify in writing that the causes rendering it unfit for human habitation have been removed to their satisfaction, or the Magistrate, by a written order, withdraws the prohibition aforesaid.

320. If it shall appear to the Commissioners that any building used as a dwelling is so overcrowded as to endanger the health of the inmates thereof, they may apply to a Magistrate to prevent such overcrowding; and the Magistrate, after such inquiry as he thinks fit to make, may, by written order, require the owner of the building, within a reasonable time not exceeding six weeks, to be prescribed in the said order, to abate the overcrowding thereof, by reducing the number of lodgers, tenants, or other inmates of the said building, or may pass such other order as he shall deem just and proper.

If the owner of the said building shall have sublet the same, the landlord of the lodgers, tenants or other actual inmates of the

same shall, for the purposes of this section, be deemed to be the owner of the building.

It shall be incumbent on every tenant, lodger or other inmate of the building to state on being required by the owner so to do in pursuance of any such requisition,

321. Every medical practitioner who treats or becomes cognizant of the existence of any case of cholera, small-pox, diphtheria or typhoid fever in

any private or public dwelling, other than a public hospital, shall be bound to give information of the same with the least practicable delay to the Commissioners. The said information shall be communicated in such form and with such details as the Commissioners may from time to time require

The Commissioners in meeting may, with the sanction of the Local Government, impose a similar obligation with regard to any other dangerous disease.

322. The Commissioners may, at any time, after giving such notice of their intention as shall, under the circumstances, appear to them to be reasonable, enter and inspect any place in which any dangerous disease is reputed or suspected to exist, and take such measures as they shall think fit to prevent the spread of the said disease beyond such place.

323. If it shall appear to the Commissioners that the water in any well, tank, or other place is likely, if used for drinking, to engender or cause the spread of any dangerous disease, they may, by public notice, prohibit the removal or use of the said water for the purpose of drinking.

No person shall remove or use for the purpose of drinking, any water in respect of which any such public notice has been issued.

324. When any hospital or place for the reception of persons suffering from any dangerous, epidemic, endemic, or infectious disease has been provided, the Commissioners may, on a certificate countersigned by the Health Officer, and with the consent of the Superintendent of such hospital or place, direct the removal thereto of any male person suffering from any such dangerous disease, who is, in the opinion of such Health Officer, without proper lodging or accommodation.

325. If, upon the certificate of the Health Officer, the Commissioners are of opinion that the cleansing or disinfecting of a building, or of a part of a building, or of any article therein likely to retain infection, would tend to prevent or check the spread of any dangerous disease, they may, by written notice, require the owner or occupier of such building, within a reasonable time to be prescribed in the said notice, to cleanse or disinfect the same.

If the owner or occupier fails to comply with the said notice, the Commissioners shall

(d)—If the Commissioners consider that any person who has taken out a license for the current year ought to have taken out a license in a higher class, they may serve him with a notice directing him to take out a license in such higher class the following year, and such person shall thereupon, unless such order is modified, be bound to take out a license in such higher class, clause (a) notwithstanding.

If a person is summoned for not taking out a license, and service of notice under clauses (c) and (d) is not proved, it shall be incumbent on the Commissioners to prove that the person summoned is liable to take out a license as well as the class under which he is liable.

(e)—Any person dissatisfied with the orders of the Commissioners under clause (b) or on whom a notice is served under clause (c) or clause (d) may appeal against the orders contained in it—

No appeal shall lie unless the amount of the license as assessed has been deposited with the Commissioners.

The Commissioners may, if they think fit, extend the period of an appeal under clause (1).

(g)—The order of the Bench or Court, or, if no appeal is made, the order contained in the notice, shall be final.

(9). The Commissioners may at any time grant a license for any previous year for which no license has been taken out on payment of the amount of such license, but the production of such license shall not afford a valid defense if the licensee is prosecuted for failing to take out a license within the time required by this Act.

Such deduction shall, however, be made from the proportion to be credited to the Water-supply Fund as may seem to the Commissioners in meeting to be approximately equivalent to the diminished productiveness of that rate, owing to the partial exemption of certain premises under clause (b) of section one hundred and one.

107. The consolidated rate shall be payable half by the owners of the houses and lands, and half by the occupiers thereof.

Rate by whom and when payable. It shall be payable on the first day of April, first day of July, first day of October and first day of January for the quarters respectively, commencing on those dates.

109. When any house or land whereon the consolidated rate is assessed under Chapter V has been vacant for sixty consecutive days during any year, the person liable to pay the owner's share of the consolidated rate shall, if notice in writing be given to the Commissioners of such house or land being vacant, be liable to pay only one-fourth of the consolidated rate due on account of the period of

vacancy—the period of vacancy being calculated from the date on which the notice is delivered; if more than one-fourth of the consolidated rate has been paid in advance, the surplus shall, on demand, be refunded.

110. No refund shall be made under the last preceding section unless the application be made within six months from vacancy. Within six months from the date of vacancy of the house or land on account of which the refund is applied for.

When any house or land whereon the consolidated rate is assessed under Chapter V is vacant, the person liable to pay the occupier's share of the rate up to the period of such vacancy shall, if he has paid for the whole quarter, be entitled to a refund of all the rate paid by him for the period during which the house is vacant, or for the period during which it may have been occupied by a new occupier, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of delivery of such notice at the office of the Commissioners.

112. No refund of rates shall be made under the last preceding section unless the same is applied for within six months from the date of cessation of occupation of the house or land on account of which the refund is applied for.

115. If any house is occupied by more than one person holding in severality, or is valued at less than Rs. 200, the Commissioners may impose the entire consolidated rate upon the owner of such house.

116. If the entire rate is paid by the owner of any house under the last preceding section, such owner may, if there be but one occupier of the house, recover from such occupier half of the rate so paid by such owner; and if there be more than one occupier, he may recover from each occupier half of such sum as shall bear to the entire amount of rate so paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

117. The entire consolidated rate imposed upon bustee land and the huts built thereon shall, after deducting therefrom a sum equal to one-eighth of such rates, be paid by the owner of such land. The sum deducted shall be retained by the owner of the land as a set off against the expenses which may be incurred in collecting the portion of the rate recoverable from the occupier of the land or the owner or occupiers of huts built thereon, under the provisions of the next succeeding section, and as a commutation of all refunds in respect of huts which are vacant or which may be removed or destroyed during the continuance of the period for which the rate is imposed:

Provided that no additional rates shall be imposed on account of any new huts built or of any huts enlarged during the year for which the valuation remains in force, under the provisions of section one hundred and twenty-four.

119. Every owner who, under the provisions of sections one hundred and sixteen and the last preceding section may be entitled to recover any sum from the occupier of any house or of any portion thereof, or from the owner of any hut, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him.

120. The Commissioners may by a notice in writing require the occupier of any house or land to furnish them, within fifteen days, with the name and address of the owner of such house or land, and such name and address, when so received, shall be registered provisionally in the assessment book kept under section one hundred and twenty-eight.

121. If the occupier of any house or land shall refuse or neglect to furnish the information so required of him under the last preceding section, he shall be liable to pay the rates payable by the owner on account of such house or land, and on non-payment thereof the Commissioners may recover the same by distress and sale of any moveable property found in the house or on the land:

122. For the purpose of assessment under this Act, the annual value of land and the annual value of any house built for letting purposes or ordinarily let shall be the

gross annual rent at which such land or building might reasonably be expected to let from year to year, less, in the case of a house, an allowance of 10 per cent. for the cost of repairs, and for all other expenses necessary to maintain the house in a state to command such gross rent. The annual value of any house not built for letting purposes and not ordinarily let shall be 5 per cent. on the sum obtained by adding the estimated present cost of building the house, less a reasonable amount to be deducted on account of depreciation, if any, to the estimated value of the land valued with the house as part of the same premises.

124. Bustee lands with the huts upon them, or lands that are waste or unused annually, may be used for agricultural purposes, may be valued annually at the discretion of the Commissioners, and shall be so valued at the application of the owner. When not re-valued, the former valuation shall remain in force from year to year until a re-valuation is made.

125. Any house, the valuation of which may have been cancelled on the ground of irregularity, or which for any other reason may have no annual value legally assigned to it, may be valued at any time under section one hundred and twenty-two for such period as remains unexpired in the district in which it is included under section one hundred and twenty-nine.

126. If during the currency of any period mentioned in section one hundred and twenty-three any substantial alteration and improvement is made to any such house, the Commissioners may cause such house to be again valued, even though such period has not expired, and such last-mentioned valuation shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of valuation.

When the name of the owner or occupier is not known, it shall be sufficient to designate him in the assessment book as the "owner" or "occupier."

Any owner or occupier may at any time apply to the Commissioners to have his name entered as owner or occupier in the assessment book, and the

Or THE WATER-SUPPLY.

150. The Commissioners shall provide a supply of water within all parts of Calcutta, and shall for that purpose cause such mains and pipes to be laid and such tanks, reservoirs, or other works to be made and constructed as shall be necessary for the supply of filtered water in the principal public streets, and shall also erect sufficient and convenient stand-pipes or pumps for the gratuitous use of the inhabitants for domestic purposes.

Ships lying at the jetties or in the docks of the Port Commissioners shall be entitled to the gratuitous use of filtered water for domestic purposes while so lying.

151. The Commissioners shall, on demand, be bound to supply every ship to be supplied with water for a voyage, a reasonable quantity of filtered water for use on the voyage at such price, not exceeding five rupees for every thousand gallons, as the Commissioners in meeting may, from time to time, determine.

152. A supply of water for domestic purposes shall not include a supply of water for animals, or for purposes of washing carriages, where such animals or carriages are kept for sale of live, or a supply for any trade, manufacture, or business, or for fountains, or for watering gurgans or roads, or for any ornamental or mechanical purposes.

153. The Commissioners shall, so far as may be reasonably practicable, furnish at which water must be kept between the hours of six in the forenoon and eight in the

154. The Commissioners may supply water through a meter, for other purposes than domestic purposes, if the person requiring such supply make application to the Commissioners in writing, specifying the purpose for which such supply is required and the quantity likely to be consumed.

The Commissioners may thereupon, subject to such charges or rates as may have been fixed by the Commissioners in meeting, lay down, or allow to be laid down, the necessary communication-pipes and works of such dimensions and character as may be fixed by the Commissioners.

No water shall be necessary in any case in which the applicant agrees to pay such sum per measure for the use of the water as may be fixed by the Commissioners.

When water is supplied by the Commissioners through a meter, it shall be presumed that the quantity indicated by the meter has been consumed until the contrary is proved.

Any person using water supplied by the Commissioners for other than domestic purposes without the leave of the Commissioners shall be liable to a fine not exceeding Rs. 20.

155. The occupier of every house connected with the water-supply shall be entitled to have, free of further charge, three thousand gallons of filtered water for every rupee paid to the Commissioners as water-rate on account of such house, to be supplied from the service pipes of the Commissioners for domestic use, through a ferrule of the size prescribed under the ninth schedule. If the Commissioners have reason to believe that the occupier of any house consumes more filtered water than he is entitled to as aforesaid, it shall be lawful for the Commissioners to provide a water-meter at their own expense, and attach the same to the water-pipes of the said house; and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid shall be paid for by him at the rate of one rupee for every three thousand gallons:

Provided that no charge shall be made by the Commissioners for unfiltered water supplied under the next succeeding section.

living in a masonry house and paying the water-rate hereinbefore mentioned to lay down communication-pipes from the service pipes of the Commissioners for the purpose of bringing into his house or land a supply of water for domestic use in accordance with the scale of charges prescribed under the ninth schedule;

Provided that if the house is so situated that the use of the ferrules prescribed for the use of such house under such scale is insufficient to pass the daily supply of water which the occupier of such house is entitled to receive under section one hundred and fifty-five, the Commissioners shall permit the use of a ferrule of such size as shall be sufficient to pass such supply:

Provided also that the Commissioners may at their own expense replace any existing ferrule by any ferrule, used for the supply of water to any

house at the time when this Act comes into force which is of larger size than the occupier of such house under such scale is entitled to use, by a ferrule of the size prescribed under such scale for the use of such house:

Provided also that the Commissioners shall be at liberty to turn off or to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

The communication-pipes leading the water from the service-pipes of the Commissioners into the house of any ratepayer, and the pipes and works within the house connected therewith, shall be of such character, dimensions, and material as the Commissioners shall fix and approve; and shall be made and constructed at the expense of the person requiring the same.

Such communication-pipes, works, and fittings may be made by the servants and workmen of the Commissioners upon such terms as may be agreed upon between the Commissioners and the person requiring the supply, or subject to such charges as may be fixed by the Commissioners;

and the Commissioners may require the amount necessary for the execution of such works

to be paid or deposited before such works are executed;

and such charges and expenses shall be recoverable in the same manner as the water-rate.

160. The Commissioners may, between the hours of seven in the forenoon and five in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings connected with the supply of water, and to ascertain if there be any waste or misuse of such water;

and if the Commissioners at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination as aforesaid, they may forthwith turn off or cut off the water from such house or land:

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the service or residence of women, which by the custom of the country is considered private, unless a notice in writing of not less than four hours be given.

161. In the event of any pipes, works, or fittings connected with the supply of water to any house or land being at any time found on examination by the Commissioners to be out of repair to such an extent as to cause any waste of water, the Commissioners may cause the water to be turned off or cut off from the house or land, after giving notice in writing of not less than twenty-four hours to the person in occupation thereof, and may recover the expense incurred for cutting off the water from the occupier of such house or land.

162. If any person supplied with water shall neglect to pay the water-rate hereinbefore mentioned at any of the times of payment thereof, or the charge made for the said water when supplied for other than domestic purposes, the Commissioners may cause the water to be turned off or cut off from the house or land in respect of which such rate or charge is payable, and may recover the expense from such person:

Provided that the turning off or cutting off the supply of water shall not relieve any person from any penalties or liabilities which he may otherwise have incurred.

163. The occupier of any house or land in which water supplied by the Commissioners under this Act is from negligence or other circumstances under the control of the said occupier wasted, or in whose house or land the pipes, works, and fittings for the supply of water shall be found to be out of repair to such an extent as to cause any waste of water, shall be liable to a fine not exceeding Rs. 20.

164. Any person causing waste of water supplied by the Commissioners shall be liable to a fine not exceeding Rs. 5.

165. It shall be within the discretion of the Commissioners to allow any person not residing within the limits of Calcutta to take or be supplied with water for his domestic use on such terms as the Commissioners in meeting may from time to time prescribe. And any person taking or causing to

168. Before a connection for the supply of water from the service pipes of the Commissioners to any house or land is sanctioned by the Commissioners, the Engineer of the Commissioners shall cause all the works, pipes, and fittings within the said house or land to be inspected by a duly qualified officer; and the cost of such inspection shall be payable in advance at such rates as the Commissioners in meeting shall from time to time direct, by the person applying for the said connection; and until the Engineer of the Commissioners shall have certified that the said works, pipes, and fittings have been executed and put up in a satisfactory manner, a connection with the Commissioners' service pipes shall not be permitted.

169. The connection with the service pipes of the Commissioners, as also the laying of supply pipes under any public road or thoroughfare, shall be executed in the presence of an officer of the Commissioners authorized in that behalf and in no other way.

170. If any licensed plumber shall execute any works or put up any fittings within any house or land for the supply of water from the pipes of the Commissioners in a careless and negligent manner, or make use of bad materials or fittings, the said licensed plumber shall be liable to a fine not exceeding Rs. 20, and upon a third conviction shall be

Provided that, if the house and the premises belonging thereto shall not abut upon some street in which there is a supply-main, such occupier shall, in the agreement, undertake to pay the cost of connecting the house with the nearest supply-main.

177. Any owner to whom any sum is payable under sections one hundred and seventy-two and one hundred and seventy-three may recover such sum from the person liable to pay the same as if the same were rent payable by such person for the house, in respect of which the expenses have been incurred.

Powers of the Commissioners with respect to bustees. external limits of any bustee, and may from time to time modify such limits; and for the purposes of this Act, land comprised within such limits shall be deemed to be a bustee:

Provided that every bustee shall consist of one or more complete plots of bustee land, separately numbered as such in the assessment book, and no plot bearing only one number shall be divided so as to fall within the limits of separate bustees. The existence of one or more houses with the land attached thereto, within the limits defined as above, shall be no bar to the bustee lands within such limits being deemed to be a bustee: Provided also that the Commissioners shall have no power under this Part of exercising any control over such houses and land attached, except by acquiring the whole or any portion of them by purchase or in the manner provided by Chapter XIII, Part II.

252. The Commissioners may at any time

Commissioners may call upon bustee owners to owners of a bustee, calling for a standard plan. serve a notice upon the bustee owners to owners of a bustee, calling upon them to prepare a joint plan thereof to the scale of forty feet to the inch showing the manner in which such bustee should be laid out with the huts standing in regular lines and with a free passage in front of and behind each line, of such width as may be necessary for ventilation and for scavenging. The plan shall also show the proposed drains of the bustee, the water-supply, bathing arrangements (if any) and the privy accommodation to be provided for the use of the tenants, the roads which are to be maintained for their benefit, the land, if any, which is to be kept as common land, the tanks which are to be filled up or conserved, and any other proposed improvements.

Such plan, when prepared as above, shall

Plan finally approved by Commissioners to be standard plan. be considered by the Commissioners, and such modifications shall be made therein as the Commissioners shall require. After any plan has been finally approved of by the Commissioners, it shall be taken as the standard plan of the bustee. If any land within the limits of a bustee is not bustee land, the standard plan shall be so prepared as clearly to distinguish it from the bustee land.

When a call has been made on the owners of the bustee to prepare a joint plan under this section, no hut shall be built, re-built, or added to within the bustee till a standard plan has been prepared.

253. If the owners of a bustee cannot agree

Commissioners, under certain circumstances, may prepare a standard plan. among themselves in the preparation of a joint plan, or if they for any reason prefer to have a joint plan

prepared for them by the Commissioners, or if they fail to comply with the notice to submit a

joint plan within the space of sixty days, the Commissioners shall, within a further period of sixty days, themselves prepare a plan to the scale and in the manner prescribed in the last preceding section for which they may charge the owners at such rate not exceeding Rs. 3 per bigha as the Commissioners in meeting may fix. The cost of preparing such plan may be recovered as a rate under this Act.

254. When a plan has been prepared by the Commissioners under the last preceding section, they shall fix a day for the hearing of objections on the part of the owners; and may at their discretion modify the plan in accordance with any objections made. When the objections have been disallowed, or when the plan has been modified in conformity with any objections raised, it shall be approved of by the Commissioners, and shall thereafter be taken as the standard plan of the bustee.

255. When a standard plan has been prepared for any bustee under sections two hundred and fifty-two or two hundred and fifty-four, no hut shall be built, re-built, or added to in such bustee, unless the hut or the portion to be added occupies a site, or portion of a site marked as the site for a hut in the standard plan. The Commissioners may, at any time by paying compensation to the owner of any hut not in conformity with the standard plan, require him to take down his hut and re-build it in conformity with such plan. Such compensation shall, in the event of dispute, be determined in the manner provided in this Act for the settlement of disputes respecting damages and expenses.

The Commissioners may at any time serve a notice upon the owners of any bustee, calling upon them to construct the roads, privies, drains, and other details shown in the standard plan of any bustee, so far as may be practicable in the existing arrangement of the huts, and if any tank is shown as to be filled up or improved, may call upon the owner to fill up or improve such tank. Till such notice is complied with, the Commissioners may refuse to sanction the building or re-building of any hut in the bustee, or any addition to any existing hut.

256. When a bustee has been brought into conformity with a standard plan which has been prepared for it, it shall be deemed to be a remodelled bustee.

257. When it appears to the Commissioners in meeting that any bustee is, by reason of the manner in which the huts are crowded together, or for any other reason, in such an unhealthy condition that the procedure provided by sections two hundred and fifty-two to two hundred and fifty-six will be too dilatory for improving such bustee, they may cause it to be inspected by two medical officers who shall make a report in writing on the sanitary condition of the said bustee.

Such report shall be accompanied by a plan which shall be approved of by the medical officers as a proper standard plan of the bustee, and they shall certify which of the changes necessary to bring the bustee into conformity with the proposed standard plan should be taken in hand

forthwith, in consequence of the unhealthy condition of the bustee, and which can await the procedure prescribed in sections two hundred and fifty-two to two hundred and fifty-six. The former changes shall be shown in a Schedule attached to the report to be called Schedule A; and this Schedule shall clearly indicate the huts which should wholly or in part be removed, the roads and drains which should be constructed, the tanks or low lands which should be filled up, and any other works necessary to remove or abate the unhealthy condition of the bustee. If for the purpose of making such roads or effecting any other improvement, it is necessary to purchase or acquire any land within the bustee which is not bustee land, the solicitor shall specify the land which should be purchased or acquired.

258. On receipt of the report of the medical officers, the Commissioners in meeting may cause a notice to be served upon the owners or occupiers of the huts, or at the option of the Commissioners, the owner of the land on which such hut are built, requiring them to carry out and execute within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid Schedule A annexed to the report, or any portion thereof respectively.

The Commissioners in meeting shall also approve of the standard plan prepared by the medical officers with such modifications as they may deem proper.

259. If, after the service of the notice referred to in the last preceding section, such owners or occupiers, or the owners of the land, shall refuse or neglect to carry out and execute the said works within the time appointed, the Commissioners may cause all or any of the said works, or any portion thereof respectively, to be executed; and the expenses thereby incurred, including such reasonable compensation as the Commissioners think fit to pay to the owners or occupiers of huts destroyed or removed, shall be paid by the owners of the land:

Provided that the Commissioners in meeting may order the expenses so incurred to be recovered by or remitted in case of instalments from the said owners, of the land or, if it should appear to them that any such owner is unable by reason of poverty to pay the same, may order the same or any portion thereof to be paid out of the General Fund.

260. If any of the said huts be pulled down, the Commissioners shall cause the materials of each hut to be given to the owner of the hut; or if the owner be unknown, or the title disputed, the materials shall be sold and the proceeds shall be held in deposit by the Commissioners until the person interested therein shall obtain an order from a competent court for the payment of the same.

A Court of Small Causes shall be deemed a competent court for the purpose.

261. The Commissioners may, at any time, after the receipt of the report of the medical officers inquire by purchase, or in the manner provided by

Chapter XIII, Part II, any land other than bustee land shown in that report as land which should be acquired.

262. After the works specified in Schedule

When an unhealthy baste to be deemed a modelled baste.

A attached to the report filed under section two hundred and fifty-seven, or so much of such works as are

approved by the Commissioners in meeting, have been completed, the provisions of section two hundred and fifty-five shall apply to such bustee until it is brought into complete conformity with the standard plan approved in accordance with the provisions of section two hundred and fifty-eight, after which the bustee shall be deemed to be a remodelled bustee.

263. No standard plan, prepared under

Provisions as to stand- sections two hundred and fifty-two, two hundred and fifty-three, two hundred and

fifty-seven, or two hundred and sixty-eight shall, without the consent of the owners, show more than one-fifth of the area of the bustee as roads or more than one-half as open lands not to be built upon, whether such open land be common ground, roads, or spaces behind a line of huts; but no tank that is not filled up shall be taken into account in calculating the above proportion. The proposed standard plan shall also, as far as possible, provide for one or more huts being completely contained in each separate plot of bustee land within the bustee and for a due proportion of roadway and open ground in each plot; and if a greater portion of any one plot is taken for roads or open ground than the proportion allowed by this section, the compensation which should be paid to the owner of this plot and the persons who should pay such compensation by reason of their benefiting thereby shall be specified; if no other owner can be equitably called upon to pay such compensation, it shall be paid by the Commissioners. The compensation thus fixed shall not be payable till the plot belonging to the owner entitled to it has been brought into complete conformity with the standard plan.

264. Any owner of bustee land included within

Effects of notice of intention to change character of bustee land.

the limits of a bustee may at any time give notice to the Commissioners that he intends to change the character of the whole or of any portion of the land belonging to him, so that it will cease to be bustee land. If his notice refers only to a part of his land, a separate number shall be forthwith assigned in the assessment book to the part to which the notice applies. From the date of such notice no application shall be received for building, re-building, or adding to any hut in the land to which the notice applies, and the owner shall be bound to remove all existing huts within six months after giving such notice. When all the huts have been removed, the land shall cease to be liable to the incidents of bustee land, and, according to its situation, shall either be altogether excluded from the limits of the bustee, or shall be shown in the standard plan of the bustee as land within the said limits which is not bustee land.

265. The roads shown in the standard plan

Roads in standard plan of a bustee which are not already public streets shall remain private.

of a bustee which are not already public streets shall, unless the Commissioners

and the owners concerned otherwise agree, remain private streets; and the portion which falls on the land of each owner shall belong to such owner. Any portion which falls on land acquired or purchased by the Commissioners under section two hundred and sixty-one shall remain the property of the Commissioners.

Every such private street shall at all times be kept open to the conservancy carts of the Commissioners for the purpose of scavenging in the bustee, and shall also be kept open for the use of all the tenants of the bustee, but no such use, whether by the conservancy carts or by the tenants, shall be held by any lapse of time to confer a right of way on the public, so as to bring such street within the definition of a "public street."

266. If any portion of the land which it is

Roads in a bustee are affected by charge of character of bustee land.

sought to remove from the incidents of bustee land is shown in the standard plan of the bustee as a road or part of a road, the notice shall be held not to apply to such road without the express consent of the Commissioners, but such road shall continue part of a private street open to the use of conservancy carts and of the tenants of the bustee.

267. When a standard plan has been prepared for a bustee, the several

Owners of a bustee, when standard plan is prepared, deemed occupiers of the open space.

owners of the bustee land shall be respectively deemed to be the occupiers of the roads, common ground, and of such drains of the bustee as serve more than one hut, so far as constructed in accordance with such standard plan, and the owner of each hut shall be deemed to be the occupier of the land occupied by his hut, of that portion of the open space behind his hut which appertains to it, and of any drain which is for the sole use of his hut.

268. Notwithstanding anything contained in

sections two hundred and Power to purchase, fifty-seven to two hundred improve, and recall or and sixty-two, the Commissio- leases unhealthy areas.

Commissioners in meeting may, upon receipt of the report prescribed under section two hundred and fifty-seven, pass a resolution to the effect that any bustee is an unhealthy area, and that, in the opinion of the Commissioners, the acquisition of the bustee, or any part thereof, by purchase, lease, or otherwise, is necessary for the purpose of making the requisite improvements thereon, and shall proceed to make a standard plan for the improvement of such land, and shall forward such plan, accompanied by such estimates as shall be necessary for a due understanding of the same, together with a copy of such resolution, for the consideration and sanction of the Local Government.

On receipt of such sanction, the Commissioners in meeting may require such land or any part thereof in the manner provided by Chapter XIII, Part II.

When the sanction of the Local Government has been accorded to any standard plan for the improvement of any land acquired by the Commissioners as above provided, the Commissioners in meeting may sell or let any part of the acquired land to any person for the purpose and under the condition that he will, as respects the land so purchased by, or leased to, him, carry out such standard plan.

The Commissioners may, instead of selling or letting the land acquired by them as aforesaid, themselves bring the baste into conformity with such standard plan.

The Commissioners shall be bound to sell or lease such land in the manner aforesaid, or themselves to carry out the improvement sanctioned under this section within the term of four years from the date of their acquiring such land, unless the Local Government shall specially extend such term.

When a baste has been improved under this section, it shall be deemed to be a remodelled baste.

269. The Commissioners in meeting may sanction the employment of a special establishment for the cleansing of bastees, and when such establishment has been sanctioned, they may impose a rate to defray the cost of such establishment, on the owners of such bastees:

Provided that, without the consent of the owners, no such rate shall be levied upon any remodelled baste.

270. If any baste for which no such establishment as is referred to in the last preceding section is maintained, appears to the Commissioners to be in a filthy condition, the Commissioners may serve notices upon the occupiers as defined in section two hundred and sixty-seven, requiring them within three days to cleanse the same, and if the occupiers do not comply with the terms of such notices to the satisfaction of the Commissioners, the Commissioners may cleanse the whole or any portion of the baste which requires cleansing, and may recover the cost incurred by them from the occupiers of such portions of the baste as they have cleansed in such manner as a rate may be recovered.

CHAPTER XI.

Or DRAINS Works, DRAINS AND PRIVIES.

271. The Commissioners may carry out such a complete system or systems of sewerage and drainage as they may think fit, subject to the approval of the Local Government, and such alterations as may from time to time be ordered by it.

272. All public sewers and drains, and all sewers, drains, tunnels, and culverts in, alongside, or under any public street, whether made at the cost of the Commissioners or otherwise, and all works, materials, and things appertaining thereto, shall rest in, and belong to, the Commissioners.

273. The Commissioners shall have power to construct within Calcutta, for the purposes of outfall or distribution of sewage without Calcutta, such sewers as they may think necessary for keeping the town properly cleansed and drained, and may carry such sewers through, across or under any road, street or place, and after reasonable notice in writing into, through or under any premises or lands whatsoever, and may from time to time enlarge, lessen, alter, arch over or otherwise improve, modify or

change, or close up or destroy all sewers, vested in them, provided no nuisance is created by such operations; and if any person is thereby deprived of the lawful use of any drain or sewer, the Commissioners shall provide another as effectual for his use within one hundred feet from some part of his premises. The Commissioners shall cause their sewers to be so constructed, kept and cleansed as not to be a nuisance or injurious to health, and for the purpose of cleansing, flushing and emptying them may construct and place either above or under ground, such reservoirs, sluices, engines or other works as may be necessary, and may cause such sewers to communicate with, and be emptied into, such places as may be fit and necessary within Calcutta, and if necessary for the purpose of outfall or distribution of sewage without Calcutta, and may cause the sewage and refuse therefrom and from the town to be collected for sale, or for the improvement of land, or for incineration, or for any purposes whatsoever, but not so as to create a nuisance.

If a sewer is carried into, through or under any lands not belonging to the Corporation, the Commissioners shall make compensation to the owner thereof for any damage sustained by him by reason of such sewer being so carried into, through or under his land. In case of dispute, the amount of compensation payable by the Commissioners shall be determined in the manner hereinafter provided for the settlement of disputes respecting damages and expenses.

274. When the contents of any sewer or drain, or any other flow of filth or refuse, are discharged into any river or stream in the bed or channel of which the quantity of water at any season of the year is so much diminished, by natural or artificial causes, as to be insufficient to keep such channel clean or clear, the Commissioners, with the sanction of the Local Government, may make such alteration in the bed of such river or stream as may prevent such sewer and drain-water from spreading over the surface of such bed, or from accumulating and stagnating in parts thereof to the injury of health or the annoyance of the surrounding population.

275. If any person, without the written consent of the Commissioners first obtained, makes or alters any drain leading into any of the sewers or drains vested in the Commissioners, or makes such drain, or carries out such alterations, with materials not approved of by the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit;

and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

276. Whoever, without the written consent of the Commissioners first obtained, makes or alters any drain leading into any of the sewers or drains vested in the Commissioners by this Act, shall be liable to a fine not exceeding Rs. 200.

277. If any house or land within one hundred feet of a public sewer or surface drain fit for use, or of some tidal river or other place at which the Commiss-

owners are empowered to empty their sewers, be at any time not drained to the satisfaction of the Commissioners by sufficient surface drains or pipes communicating with some sewer, surface drain, tidal river, or other place as aforesaid, the Commissioners may, if the owner neglects to do so within fifteen days after notice, construct or lay through or from such house or land, suitable drains of such materials, of such size and with such fall, as they shall think necessary for the complete draining of such house or land;

and the expenses thereby incurred shall be paid by the owner.

For the purpose of efficiently draining any house or land under this section, the Commissioners may require any court-yard, alley, or passage between two or more houses, to be paved with such materials and in such manner as may be approved of by them, and may require such paving to be kept in proper repair. They may also require the level of any such court-yard, alley or passage to be raised if necessary, for the efficient drainage thereof.

278. The Commissioners themselves may construct and lay down such portions of the drains mentioned in the last preceding section and sections two hundred and eighty-two and two hundred and eighty-three, as may be carried through or under any public drain, aqueduct, or street, and the expenses thereby incurred shall be paid by the owner.

279. Whenever it is provided in this Chapter that steps shall or may be taken for the effectual drainage of any premises, it shall be competent to the Commissioners to require that there shall be one drain for sewage and polluted water, and another and an entirely distinct drain for rain-water or unpolluted subsoil water or for both, each emptying into separate municipal drains or other suitable places.

280. It shall not be lawful for any person to make any underground drains in connection with any to be made under a license. shall hold a license from the Commissioners under such rules and regulations as the Commissioners may, from time to time, lay down, and which shall be printed on the back of the license.

Any person holding such license, who shall infringe or break any such rule or regulation, shall be liable to have his license cancelled, and he or any person making any underground drain in connection with the public sewers without a license shall be liable to a fine not exceeding Rs. 20.

281. The Commissioners may cause the work of laying underground supervision of certain drains to be supervised while in progress, and from time to time during their execution may order such reasonable alterations thereto, additions thereto, and abandonment of part or parts thereof, as may to the Commissioners appear, on the fuller knowledge afforded by the opening of the ground, requisite to secure the complete and satisfactory execution of such works as aforesaid.

282. If it appears to the Commissioners that a group or block of houses may be drained more economically or advantageously in combination than separately, and a sewer of sufficient size already exists, or is about to be constructed, within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be drained by a combined operation; and the expenses thereby incurred shall be paid by the owners of such houses, or, in the case of baste land, by the owners of the land in such proportions as shall to the Commissioners seem fit.

Not less than fifteen days before any work under this section is commenced, the Commissioners shall give notice to the owners of all the land or houses to be drained of the nature of the proposed work and an estimate of the expenses about to be incurred in respect thereof and the proportion payable by each owner.

283. Whenever a drain belonging to one or more persons has been laid in any street or passage common to more than one house, and it is deemed desirable to drain any other premises into such drain, the Commissioners may require the owners of such drain to allow a connection therewith to be made on such terms as may seem to them equitable, and the owner or owners of the drain shall be entitled to refuse to allow the connection to be made until the terms prescribed have been accepted and any order for payment made by the Commissioners has been complied with.

284. All underground drains in streets (public or otherwise) shall be provided by the Commissioners or by the persons to whom they severally belong with proper traps or other coverings and means of ventilation, so as to prevent stench.

If the owner of any private sewer or underground drain shall, for ten days after notice given to him by the Commissioners, neglect or delay to provide proper traps or coverings and means of ventilation as aforesaid, the Commissioners may forthwith provide and apply the same; and the expenses thereby incurred shall be paid by the owner.

285. The Commissioners may erect on, or fix to, any house or wall such properly jointed pipes as they may deem necessary for the proper ventilation of the sewers belonging to them, and such pipes shall be carried to a height of not less than six feet above the highest part of the highest adjacent house, and erected so as not to occasion any nuisance or inconvenience to any house in the neighbourhood.

286. All branch drains, as well within as without the house or land to which they belong, and all privies, cess-pools, and cow-houses to be under the control of the Commissioners, and to be kept in good order by owners. Branch drains, privies, cess-pools, stables, and cow-houses in Calcutta, shall be under the survey and control of the Commissioners as regards their site, material, dimensions and construction, and shall be altered, supplied with water, connected with a sewer, paved, repaired, kept in proper order, stopped up, or demolished, at the costs and charges

of the owner of the house or land to which the same belong, or for the use of which they are constructed or continued;

and if the owner of any house or land to which any such drain, privy, cess-pool, stable or cow-house belongs, neglect, during eight days after notice in writing, to execute the work in the manner required by the Commissioners, the Commissioners may cause the work to be executed in respect of such drain, privy, cess-pool, stable or cow-house;

and the expenses thereby incurred shall be paid by the owner.

287. If any private drain is obstructed, the occupier of the premises in which such drain is situated shall, within six hours after receiving notice to do so from the Commissioners, cause the obstruction to be removed, and if he make default, the Commissioners may cause the necessary work to be done and the expenses thereby incurred shall be recoverable from such occupier.

288. If any branch drain, privy, cess-pool, stable or cow-house be constructed contrary to the directions, bye-laws or regulations of the Commissioners, or contrary to the provisions of this Act, or if any person, without the consent of the Commissioners, constructs, rebuilds or unstops any branch drain, privy, or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, or constructs or rebuilds any stable or cow-house which has been ordered by them to be demolished or not to be built, the Commissioners may cause such amendment or alteration to be made in any such branch drain, privy, cess-pool, stable or cow-house as they think fit;

and the expenses thereby incurred shall be paid by the person by whom such branch drain, privy, cess-pool, stable or cow-house was improperly constructed, rebuilt, or otherwise dealt with.

289. Whoever constructs any drain, privy, cess-pool, stable or cow-house after the commencement of this Act contrary to the directions, bye-laws or regulations of the Commissioners, or contrary to the provisions of this Act, or, whoever without the consent of the Commissioners, constructs, rebuilds or unstops any drain, privy, or cess-pool which has been ordered by them not to be made or to be demolished or to be stopped up, shall be liable to a fine not exceeding Rs. 50.

290. The Commissioners may inspect any branch drain, privy, cess-pool, pool, stable or cow-house, and for that purpose, at

any time between sunrise and sunset, after one hour's notice in writing to the occupier of the house or land to which such branch drain, privy, cess-pool, stable or cow-house is attached, may enter upon such house or land with such assistants and workmen as are necessary, and cause the ground to be opened where they may think fit, doing as little damage as may be;

and if, upon such inspection, it appears that such branch drain, privy, cess-pool, stable or cow-house is not in good order and condition, or that it has been constructed contrary to the provisions of this Act, the expenses of such inspection shall be

paid by the person to whom such branch drain, privy, cess-pool, stable or cow-house may belong;

and if any branch drain is choked, or if any other defect connected with such branch drain which requires to be forthwith remedied is brought to light by such inspection, the Commissioners shall then and there clear out the branch drain, or remedy the defect;

but if the branch drain, privy, cess-pool, stable or cow-house be found to be in proper order and condition, and not to have been constructed in violation of the provisions of this Act, the Commissioners shall cause the ground to be closed and made good as soon as may be, and the expenses of opening and closing the ground shall be paid by the Commissioners.

291. Whoever throws or puts, or permits his

Penalty for throwing servants to throw or put, any rubbish, or, until suitable sewers shall be provided, permits any offensive matter or sewage to flow or be put into any sewer.

or be put into any sewer or drain belonging to the Commissioners, or into any drain communicating therewith, shall be liable to a fine not exceeding Rs. 50 for every such offence.

292. No person shall, without the permission

No latrine to be constructed of the Commissioners in writing, construct or keep any latrine, privy, urinal, cess-pool, house-drain, or other receptacle for sewage or offensive matter within fifty feet of any public tank, or a tank used by the inhabitants of any locality. Any person upon whose land any latrine, privy, urinal, cess-pool, house-drain, or other receptacle so situated shall be now existing or hereafter constructed, shall remove the same within eight days of the receipt of a written notice from the Commissioners.

293. Any person failing to comply with the

Penalty. notice mentioned in the last preceding section shall be liable to a fine not exceeding Rs. 20, and to a further fine not exceeding Rs. 3 for every day that the latrine, privy, urinal, cess-pool, house-drain, or other receptacle remains within the limits aforesaid.

294. If the Commissioners think that any

Commissioners may privy or additional privy should be provided for any house or land, the owner of such house or land shall, within fourteen days after notice in that behalf by the Commissioners, cause such privy, together with the necessary pipes, drains, and water-supply, to be constructed in accordance with the regulation of such notice; and if such privy be not so constructed to the satisfaction of the Commissioners within such period, the Commissioners may cause such privy, together with the necessary pipes, drains, and water-supply, to be so constructed; and the expenses thereby incurred shall be paid by the owner.

295. The Commissioners, in executing any works under this Act, shall cause works to provide and make, at their

own expense, a sufficient number of convenient ways, water-courses, drains, and channels in the place of such as may be interrupted, injured, or rendered useless by reason of the execution of such works;

and if any difference arises between the Commissioners and the persons affected thereby,

such difference shall be settled in the manner hereinbefore provided for the settlement of disputes respecting damages and expenses.

296. The Commissioners shall, during the construction or repair by them of any of the streets, lights placed at night, sewers, or drains vested in or belonging to them, take proper precaution for guarding against accident, by shoring up and protecting the adjoining houses;

and shall cause such bars, chains, or posts to be fixed across or in any street (public or otherwise), to prevent the passage of carriages, carts, cattle, or animals, while such works are carried on as to them shall seem proper;

and shall cause any sewer, or drain, or other works in streets (public or otherwise), during the construction or repair thereof by them, to be sufficiently lighted and guarded during the night.

CHAPTER XII.

OF SANITARY MATTERS.

PART I.—Of scavenging and cleansing.

297. The Commissioners shall cause the public streets to be sufficiently lighted and regularly swept and cleansed; and the rubbish and offensive matter of every kind whatsoever found thereon to be collected and removed every day.

298. The Commissioners may cause any number of moveable or fixed dust-boxes or other convenient receptacles (wherein rubbish and offensive matter arising from the ordinary domestic use of houses, may be temporarily deposited until removed and carried away,) to be provided and placed in proper and convenient situations, and may require the occupiers of houses in public streets to cause all such matter as aforesaid to be deposited in such receptacles and between such hours as they may from time to time direct:

Provided that no occupier shall be required to deposit refuse in a dust-box at a greater distance than fifty yards from the entrance of his premises.

299. Subject to the proviso contained in the last preceding section, every person who, after such receptacles have been provided, and after such requisition as above-mentioned, shall deposit, or cause or permit to be deposited, any such matter in any public street, except in such receptacles, shall be liable to a fine not exceeding Rs. 10.

300. Whoever deposits, or suffers to be deposited, any rubbish, offensive matter or sewage in any public place, in any public street, or on any public quay, jetty, ghat, or landing place, or on any part of the river bank, whether above or below high water mark, except in such places, and in such manner, and at such hours, as shall be fixed by the Commissioners, shall be liable to a fine not exceeding Rs. 10 for every such offence.

301. If it shall in any case be shown that dust, rubbish, offensive matter or sewage has been thrown or placed on any street or place in contravention of section two hundred and ninety-nine or section

three hundred from some building or land, it shall be presumed that the offence has been committed by, or with the sufferance of, the occupier of such building or land, unless the contrary be proved.

302. Whoever causes or allows the water of any sink or sewer, or any offensive matter belonging to him, or being in any house or land in his occupation, to run, drain, or be thrown upon any street (public or otherwise), or causes or allows any sewage to run, drain, or be thrown into a surface drain not intended for the purpose, in any street (public or otherwise), shall be liable to a fine not exceeding Rs. 10 for every such offence.

303. The Commissioners from time to time shall appoint—

- (a) the hours within which sewage or any offensive matter may be removed;
- (b) the kind of cart or other receptacle in which it may be removed;
- (c) the route by which such cart or other receptacle shall proceed.

304. When the Commissioners have fixed such hours and given public notice thereof, whoever removes or causes to be removed along any street (public or otherwise) any such sewage or offensive matter at any time, except within the hours so fixed, and also, whoever at any time, whether such hours have been fixed by the Commissioners or not, uses for any such purpose any cart, carriage, or other receptacle or vessel other than that approved and sanctioned by the Commissioners, or spills any such sewage or offensive matter in the removal thereof, and does not carefully sweep and clean every place in which any such offensive matter has been so spilled, or places of sets down in any public place any vessel containing such sewage or offensive matter, or drives or takes, or causes to be driven or taken, any cart, carriage, receptacle, or vessel used for any such purpose as aforesaid, through any street (public or otherwise), or by any route other than that, from time to time, by public notice, appointed for that purpose by the Commissioners, shall be liable to a fine not exceeding Rs. 20 for every such offence.

Provided that, when the owner and his place of abode are registered under section one hundred and twenty-eight, they shall, if such place of abode be in Calcutta, cause every notice required to be given to the owner of any house or land to be served on such owner or left with some adult male member or servant of his family,

and if the place of abode of the owner be not in Calcutta, they shall send every such

notice by post in a registered cover addressed to his place of abode, and the same shall be deemed to be good service of the notice.

When the name of the owner or occupier is not registered, it shall be sufficient to designate him as "the owner" or "the occupier" of the house or land in respect of which the notice is served.

When there are several owners or occupiers of any premises, the Commissioners may, at any time, call upon such owners or occupiers to appoint, within thirty days, one of their number to receive notices on behalf of the rest; otherwise the Commissioners shall serve a separate notice on each owner or occupier who has registered, or who has applied to register, his name under section one hundred and twenty-eight.

Such notice shall specify a period within which the requisition is to be complied with, and if no period is provided by this Act, the period specified shall be a reasonable period having regard to the circumstances under which it is issued.

Every such notice shall state that, if the person to whom it is addressed fails to comply therewith or to satisfy the Commissioners within the specified period that it should be withdrawn or modified, the Commissioners will enter upon the premises and execute the work or take the necessary order with the property, and that the expense thereby incurred will be recovered from the person to whom it is addressed.

437. Any person upon whom such notice

If the objection is disallowed, a second notice shall be served upon the person who preferred the objection specifying a reasonable period within which the requisition is to be complied with.

438. Instead of preferring an objection, or

by the person served with a notice to execute such work.

If the estimate exceeds Rs. 300, the work shall not be undertaken by the Commissioners on default until the expiry of ten days from the date on which the estimate was supplied, and within seven days from such date the person to whom such estimate was supplied may apply in writing to have his objections to execute the work, or to the estimated cost of such work, determined by a Committee of the Commissioners, or by the Commissioners in meeting. If such application is made within the time specified, the Commissioners shall not undertake the work until the decision of the Committee of the Commissioners or the Commissioners shall have been given.

440. Subject to the above provisions, when-

Commissioners, in default of owner or occupier, may execute works and incur expenses. ever any work is required by this Act or by any orders of the Commissioners lawfully issued to be executed by the owner or occupier of any house or land,

and default is made in the execution of such work, the Commissioners, whether any penalty is or is not provided for such default, may cause such work to be executed;

and the expenses thereby incurred or incurred in any case in which the Commissioners are empowered to execute any work on behalf of an owner or occupier, shall be paid by the person by whom such work ought to have been executed, or on whose behalf it is done, and in default of payment thereof the same may be recovered as a rate under Chapter VI.

441. If the defaulter, as mentioned in the

remedy, whether any suit or proceeding has been brought or taken against any such owner or not, require the payment of all or any part of the expenses payable by the owner for the time being from the person who then, or at any time thereafter, occupies the house or land under such owner, and in default of payment thereof by such occupier on demand, the same may be recovered as a rate under Chapter VI;

and every such occupier shall be entitled to deduct from the rent payable by him to the owner so much as is so paid by, or recovered from him, in respect of any such expenses.

442. No occupier of any house or land shall

Occupying not to be liable for more than the amount of rent due. be liable to pay more money in respect of any expenses charged by this Act on the

owner thereof than the amount of rent due from him for the house or land in respect of which such expenses are payable at the time of the demand made upon him, or which, at any time after such demand, has accrued and become payable by him, unless he neglect or refuse, upon a requisition made to him for that purpose by the Commissioners, truly to disclose the amount of his rent, and the name and address of the person to whom such rent is payable;

but nothing in this section shall affect any special contract made between any such owner or occupier respecting the payment of the expenses of any such works as aforesaid.

443. Whenever any expenses incurred by the Commissioners are to be paid by the owners of any land as provided in section four hundred and forty, the Commissioners may, if there be more than one owner, apportion the said expenses among such of the owners as are registered under section one hundred and twenty-eight in such manner as to the Commissioners may seem fit.

• Commissioners may apportion expenses incurred on behalf of owners or occupiers amongst them.

And whenever any such expenses are to be paid by the occupiers of any land as provided in section four hundred and forty, the Commissioners may, if there be more than one occupier, apportion the said expenses among such of the occupiers as are known in such manner as to the Commissioners may seem fit.

444. Whenever any works or any alterations or improvements, of which the Commissioners are authorized to require the execution, are executed by the occupier on the requisition of the Commissioners or are executed by the Commissioners and the cost thereof is recovered from the occupier, the cost thereof may, if the Commissioners certify that such cost ought to be borne by the owner, be deducted by such occupier from the rent payable to such owner or may be recovered by such occupier from the owner in any court of competent jurisdiction.

445. Any owner or occupier of land may contest his liability to pay any expenses with which he may be charged under section four hundred and forty, or may contest the correctness of the amount which he has been called upon to pay in any court of competent jurisdiction.

Provided that the institution of a suit shall in no way interfere with the right of the Commissioners to recover the amount demanded by them in the manner provided by section four hundred and forty.

446. Whenever default is made by the owner of any house or land in the execution of any work required to be executed by him, the occupier of such house or land may, with the approval of the Commissioners, cause such work to be executed, and the expense thereof shall be paid to him by the owner, or the amount may be deducted out of the rent from time to time becoming due from him to such owner.

447. If the occupier of any house or land prevent the owner thereof from carrying into effect, in respect of any house or land, any of the provisions of this Act, after notice of his intention so to do has been given by the owner to such occupier, any Magistrate may, in writing, require such occupier to permit the owner to execute all such works with respect to such house or land as may be necessary for carrying this Act into effect,

and if, after the expiration of eight days from the date of the order, such occupier continue to refuse to permit such owner to execute such works, every such owner, during the continuance of the refusal, shall be discharged from liability to any fines to which he might otherwise

have become liable by reason of default in executing such works.

448. Whoever, being the occupier of any house or land, fails to comply with any requisition made by a Magistrate under the last preceding section, shall be liable to a fine not exceeding Rs. 50, and to a further fine, not exceeding Rs. 20, for each day during which the offence is continued after he has been convicted of such offence.

449. Whenever by this Act any right is con-

ferred or duty imposed on the owner or occupier of any premises, and doubt arises owing to there being gradations of owners or occupiers as to who is the owner or occupier entitled to exercise such right or bound to perform such duty, the Commissioners may, after due enquiry, determine from time to time which of such persons is thus entitled or bound.

Provided that if one of the persons regarding whom doubt exists is registered under section one hundred and twenty-eight as owner or occupier, such person shall be entitled to exercise such rights or bound to perform such duty till his name has been duly removed from the register.

450. No tax or rate on property made

under this Act shall be invalid for defect of form, and it shall be enough in any such tax or rate, or any assessment of value for the purpose of making such tax or rate, if the property rated or assessed is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

451. Whenever the Commissioners shall have incurred any expenses

in the execution of any of the works which under sections two hundred and fifteen, two hundred and fifty-nine, two hundred and seventy-seven and two hundred and eighty-two, the owners of any houses or lands are required to execute, the Commissioners may either recover the amount of such expenses in the manner hereinbefore provided, or, if they think fit, may take engagement from the said owners for the quarterly payment of such sums as will be sufficient to defray the whole amount of the said expenses, with interest thereon at the rate of six per cent. per annum, within a period not exceeding five years, and such sums, when due, may be recovered as rates under Chapter VI.

452. All police officers shall give immediate

information to the Commissioners of any offence committed against this Art.

Any police officer may arrest any person committing in his view any offence against this Art if the name and the address of such person be unknown to him,

or if such person decline to give his name and address,

or if the police officer shall have reason to doubt the accuracy of such name and address if given.

And such person may be detained at the station-house until his name and address shall be correctly ascertained, or may be brought up at once before a Magistrate.

453. Any master or other servant of the Commissioners employed to withdraw from work remove or otherwise deal without notice with sewage, offensive matter or rubbish, who shall, without the permission of the Commissioners, withdraw from his duties unless he has given notice in writing, not less than one month previously, of his intention so to withdraw shall be punished with rigorous imprisonment for a term which may extend to three months' and shall forfeit any salary which may be due to him.

454. If the Local Government shall have determined that any portion of the environs of Calcutta shall be included in the water-supply authorized by this Act, and if the Local Government shall have declared the boundaries thereof by notification in the *Calcutta Gazette*, then in respect of such extension of such water-supply, the provisions of Chapter VII of this Act shall take effect one month after the publication of such notification;

and all such expenses and compensation as, under such chapter and by the provisions of this Act, may be determined by a Court of Small Causes, may be ascertained and determined by any Court of Small Causes having jurisdiction within such boundaries; and all fines payable in respect of such sections, and under this Act, shall be enforced in the manner prescribed by sections three hundred and eighty-six, three hundred and eighty-seven, and three hundred and eighty-nine of the Code of Criminal Procedure by the Magistrate having jurisdiction within such boundaries.

455. Houses used exclusively for purposes of public worship and public burial and burning grounds duly registered shall be exempt from all rates and taxes which under this Act may be imposed upon houses and land within Calcutta, and it shall be lawful for the Commissioners to exempt the owner of any hut from payment of all or any rate in respect of such hut.

456. Nothing in this Act contained shall be construed to—

(a) render lawful any act or omission on the part of any person, which, but for this Act, would, by law, be deemed to be a nuisance;

(b) exempt any person guilty of nuisance from a suit in respect thereof;

(c) affect any enactment not hereby expressly repealed.

457. The Local Government may, by notification published in the *Calcutta Gazette*, and in such other manner as the Local Government may determine, declare its intention—

(a) to exclude from Calcutta any local area not being within the ordinary original jurisdiction of the High Court at Port William in Bengal;

(b) at the request of the Commissioners in meeting to include within Calcutta any local area in the vicinity of the same and defined in the notification.

Provided that, where the local area is a military cantonment or part of a military cantonment, a notification shall not be published under this section in respect of it without the previous consent of the Governor-General in Council.

458. Any inhabitant of Calcutta or of a local area in respect of which a notification has been published in the *Calcutta Gazette* under the last preceding section may, if he objects to the alteration proposed, submit his objection in writing to the Local Government within six weeks from the publication of the notification in the *Calcutta Gazette*, and the Local Government shall take his objection into consideration.

When six weeks from the publication of the notification in the *Calcutta Gazette* have expired, and the Local Government has considered the objections (if any) which have been submitted under this section, the Local Government may, by a notification in the *Calcutta Gazette*, exclude the local area from Calcutta or include it therein, as the case may be.

459. When a local area is excluded from Calcutta under the last preceding section—

(a) this Act, and all rules, orders, directions and powers made, issued or conferred under this Act, shall cease to apply thereto; and

(b) the Local Government shall, after consulting the Commissioners, frame a scheme determining what portion of the balance of the General Fund and other property vested in the Commissioners shall vest in Her Majesty for the benefit of the local area, and in what manner the liability of the Commissioners shall be apportioned between the Commissioners and the Secretary of State for India in Council, and on the publication of the scheme in the *Calcutta Gazette*, the property and liabilities shall vest and be apportioned accordingly.

All property vested in Her Majesty under this section shall be applied, under the orders of the Local Government, to discharging the liabilities imposed on the Secretary of State for India in Council under this section, or for the promotion of the safety, health or convenience of the inhabitants of the local area.

(d)—If the Commissioners consider that any person who has taken out a license for the current year ought to have taken out a license in a higher class, they may serve him with a notice directing him to take out a license in such higher class the following year, and such person shall thereupon, unless such order is modified, be bound to take out a license in such higher class, clause (d) notwithstanding.
